Footprints

One night a man had a dream. He dreamed he was walking along the beach with the Lord. Across the sky flashed scenes from his life. For each scene, he noticed two sets of footprints in the sand: one belonging to him, and the other to the Lord.

When the last scene of his life flashed before him, he looked back at the footprints in the sand. He noticed that many times along the path of his life there was only one set of footprints. He also noticed that it happened at the very lowest and saddest times in his life.

This really bothered him and he questioned the Lord about it.

"Lord, you said that once I decided to follow you, you'd walk with me all the way. But I have noticed that during the most troublesome times in my life, there is only one set of footprints. I don't understand why when I needed you the most you would leave me."

The Lord replied, "My son, My precious child, I love you and would never leave you. During your times of trial and suffering, when you see only one set of footprints, it was then that I carried you."

PREFACE

This is my 13 years of research! I still have goals--STEWART's, VANMATRE's (I think if I find Margaret's parents, I have it on back to 1600's), WILLSON's, etc.

I joined D.A.R. (Daughters of the American Revolution) Oct. 1988, on my Patriot, Levi CARTER. (Jan 1990, I prepared a book for DAR, 67p. on Levi CARTER and Allied families, through Carter cemetery at Albany, Mo.--now in National DAR, and American Heritage libraries; also both in State, and both in County.) Now, my papers are ready for DAR on patriot John HARVEY.

I inventoried CARTER cemetery, Albany, Mo. in the Fall of 1981.

I have corresponded with all the distant relatives I can find, and it has been so rewarding. Most of the states, including Alaska, Scotland, England, Germany and Australia.

A Big Thanks to all who contributed names, dates, and places--your names are on the family group sheets (fgs). Two (2) blank trees and four (4) blank fgs are at the back for your use. As you find new information, deaths and places, etc., Feel free to enter them on my pages.

I numbered all CARTER children and generations, and grand children, etc. as Levi CARTER is generation 1.

Levi's children are gen. 2.1, 2.2, 2.3 etc.

Elijah CARTER's children are gen. 3.1, 3.2, 3.3, etc.

as are Levi's gr ch.

Vincent's children & Levi's gr gr ch are Gen. 4.1, 4.2, 4.3

as are Elijah's gr ch.

Vincent's gr. ch. & Levi's gr gr gr ch are Gen. 5.1, 5.2, 5.3,

as are Elijah's gr gr ch

Vincent's gr gr ch (my gen.) are Gen. 6.1, 6.2, 6.3

Gen. 7 (children are not numbered)

Gen. 8 " " " "

But, due to the size of the book, all are not included. Maybe I can help you further, so please write!

Photos are indexed as p12 (photo page 12)

Reunions are d 93 (as descendants of--found on page 93)

Please excuse mistakes, and I would appreciate knowing the correct information.

A Big Thanks to Leonard, my husband, for taking me to libraries, especially the Family History Center (FHC) at Salt Lake, where we often stayed to let me research 5 days--7:30 a.m. to 9:45 p.m., with two breaks to fast foods. I have been to numerous other library and genealogy centers, read thousands of microfilm, and microfiche, and books. I've corresponded with most of the Court Houses involved, for documents; National Archives for military records; County Genealogy Centers for County histories; cemetery records; vital records; etc. District Courts for Naturalizations; Cemeteries, etc. Many of the documents are included in my book.

I hope you enjoy the information I've compiled in this book, and have a greater knowledge of the lives of our forefathers. They had to be strong to endure such hardships, primitive life and travel. I wanted to especially preserve this information for my nephew and niece, namely, John Michael CARTER and Rebecca Jane CARTER MITCHELL and their children: Duffy and Jaclyn CARTER and Jeff and Wil MITCHELL, all cousins. and other relatives that might be interested. This CARTER book is truly another dream come true.

Hooked on Genealogy!

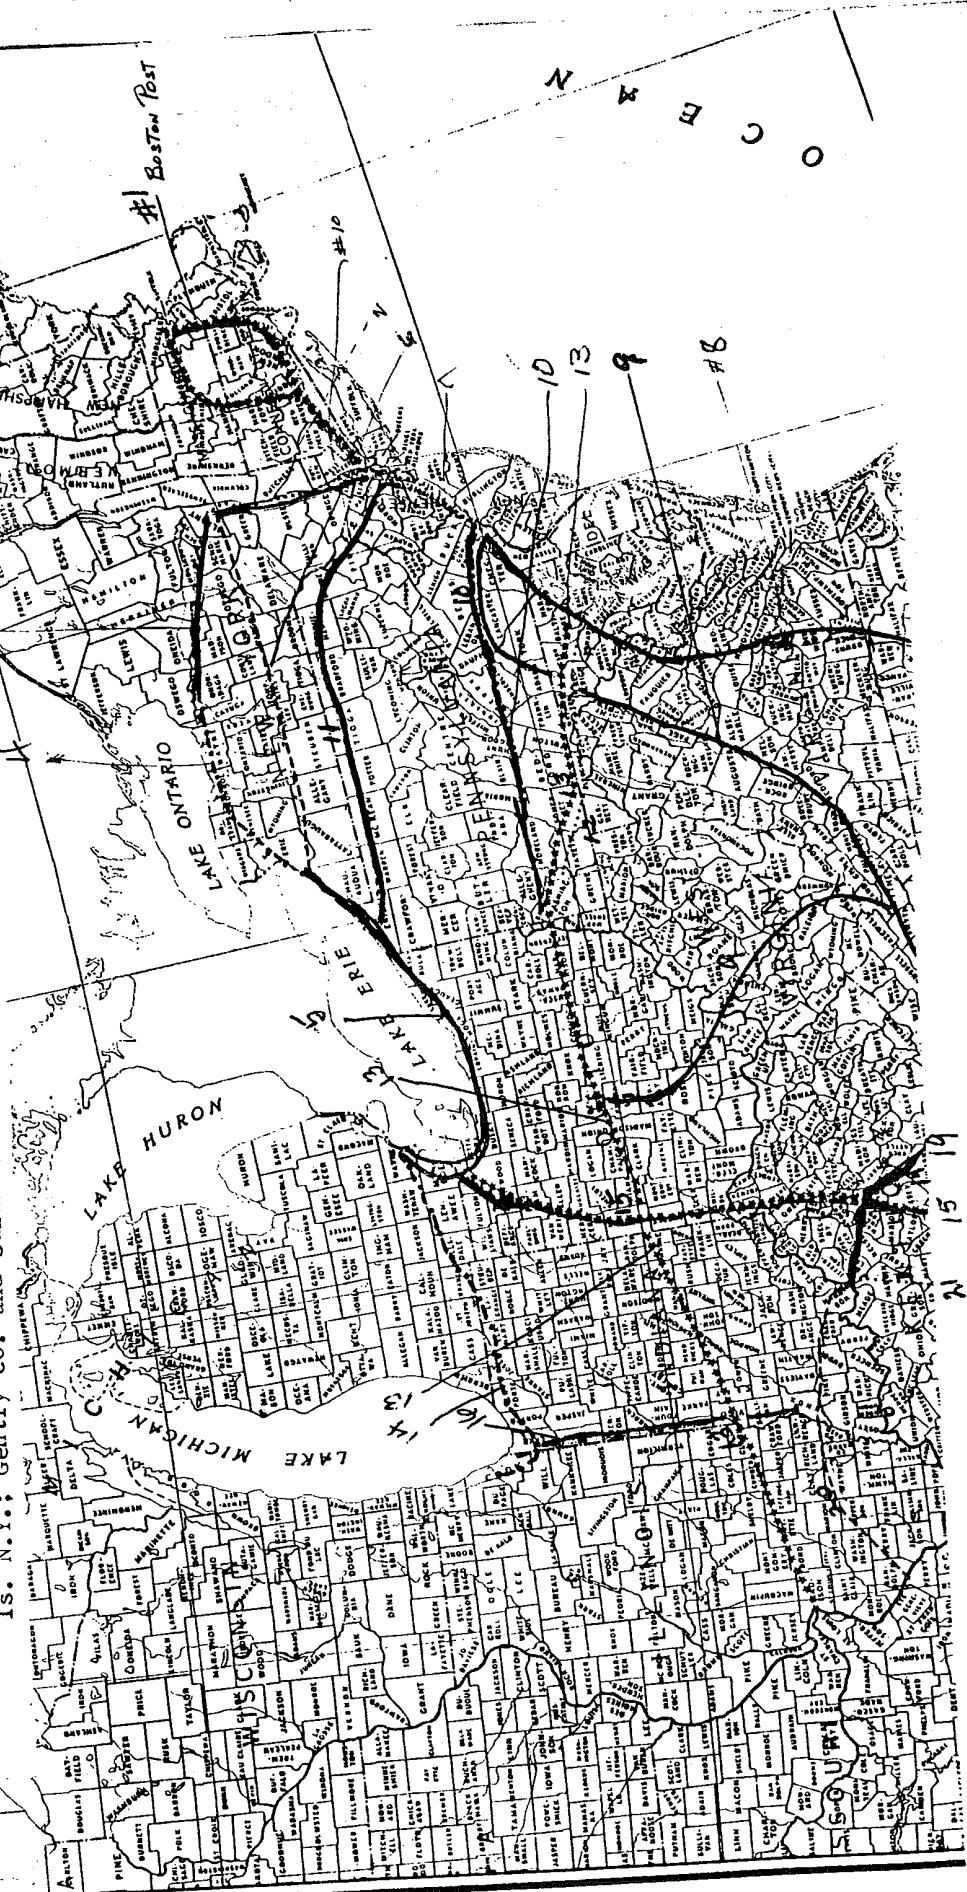

Elizabeth CARTER SCHNEGELBERGER

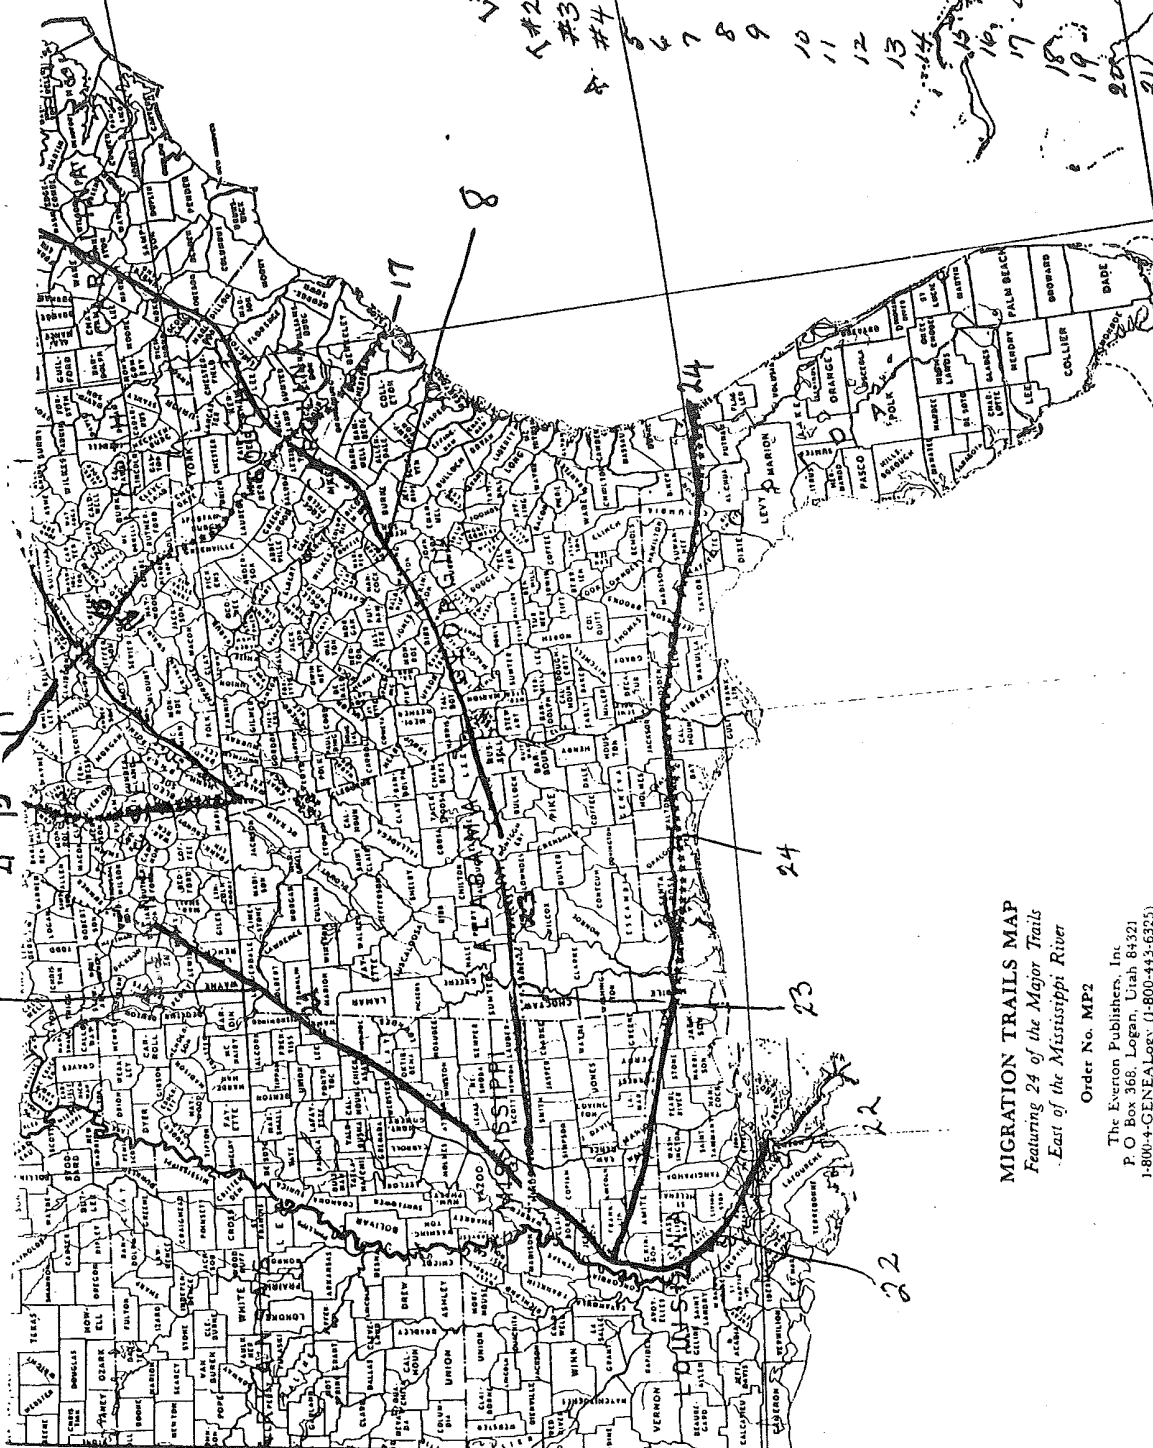

Elizabeth Carter Schnegelberger

The cover page was prepared by my nephew, John Michael "Mike" CARTER, of Wichita, Ks, and his son, Wm. Duffy CARTER, a Soph. at K-State, Manhattan, Ks. My sincere thanks to both for the lovely work to adorn the cover of my book.

I had the privilege of touring 18 days in England, Scotland, Wales, and Ireland, May 3-20, with 3 cousins on mother's side: Betty Dodson, of N. K.C., Mo; Margaret Branstetter, Green City, Mo. and Dorothy Smith, Unionville, Mo. "We had a ball"--visited 2 families of second cousins, visited Mother's birthplace at Cambusbeg Farm, Callander, Perthshire, Scotland, and her second home, Muirhall Farm, near Carnwath and Auchengray, Lanarkshire Scotland. Brother, John F. CARTER and wife, Doris returned from Ireland, Wales, England, and Scotland, yesterday Aug 15, after 20 days. Scotland is a beautiful place. They visited Callander, birthplace, Edinburgh, and Glasgow, as well as various places in Ireland--Doris' heritage.

RELATIONSHIPS

There are at least two accepted ways of figuring relationships. One is called the Common or Canon Law method, and the other the Civil Law method. Both agree when figuring the direct or lineal descent. They differ only in figuring the collateral relationships. As the Common or Canon Law method is now in general use and gives a more accurate description of "cousin relationship," we will not consider the Civil Law method, but present for your use a chart, especially prepared for this publication, which shows (according to the Common or Canon Law), the relationship of descendants to a progenitor to the tenth generation. Also the relationship between his descendants, in any combination of degrees from him, down to and including the tenth generation.

How to use relationship chart

You will note that the two upper columns are outlined in heavy lines. These are the common progenitor and his descendants. "CP" stands for common progenitor, the one who is the head of the two lines of descendants. "S" is his son or daughter as the case may be; "GS" his grandson or granddaughter; "GGS" his great grandson or granddaughter; "ZGGS" his second great grandson or granddaughter, and so on down to his eighth great grandson or granddaughter.

All the diamonds inside these heavy lines show the relationship between his descendants. By following columns "1" from both sides of the chart we find they cross on the "B" diamond, showing that the sons of the common progenitor are brothers. By following columns "2" to the center we find they cross at the "1C" diamond, indicating that grandsons of the common progenitor are first cousins to each other. And so on down: his great grandsons are second cousins; his second great grandsons are third cousins; his third great grandsons are fourth cousins, etc.

For this point few people have trouble in figuring relationships. It is when they start to figure the "cousinship" and "times removed" that they have difficulty. But with this chart you will find no trouble with any combination up to the tenth generation, and by following the pattern set by this chart you can go as many generations as you desire. Say you want to figure your relationship to a distant cousin. You are eight generations removed from the common progenitor, or his sixth great grandson. "Distant cousin" is six generations removed or his fourth great grandson on another line. To figure your exact relationship simply follow columns "8" on the one side and "6" on the other to where they cross and you find "3C 2R" indicating you are fifth cousins twice removed.

If you want to find your relationship to the son of your fifth great grandfather, follow columns "1" and "7" which show you are his fourth great grandnephew (4 GGN). Likewise, you are a first cousin six times removed (1C 6R) to the grandson of your sixth great grandfather.

This method of figuring relationships is in general use by most courts of the country and was recently adopted for use of the patrons of the Genealogical Society of the Church of Jesus Christ of Latter-day Saints.

COMMON OR CANON LAW RELATIONSHIP CHART

As additional aids to understanding terms used in relationship descriptions we give the following:

The parents of your father or mother are your grandfather and grandmother and you are a grandson to them. (GS)

The parents of your grandfather or grandmother are your great grandparents and you are a great grandson to them. (GGS)

The parents of your great grandfather or great grandmother are your second great grandparents and you are a second great grandson to them, etc. (2GGS)

The children of your brothers and sisters are your nephews and nieces (N) and you are uncle or aunt to them.

The children of your nieces and nephews are your grandnieces or grandnephews (GN) and you are granduncle to them.

The children of your grandnephews and grandnieces are your great grandnephews or great grandnieces (GGN) and you are great granduncle to them.

Your father's brother or sister is your uncle or aunt and you are a nephew or niece to them. (N)

The children of your uncle or aunt are your first cousins and you are also their first cousin. (1C)

The children of your first cousins are first cousins once removed to you and you are the same to them. (1C 1R)

The son of your third great grandfather is your second great granduncle and you are a second great grandnephew or niece to him.

The children of your second cousins are your second cousins once removed and you are the same to them.

The grandchildren of your second cousins are your second cousins twice removed and you are the same to them.

The great grandchildren of your second cousins are your second cousins thrice removed and you are the same to them.

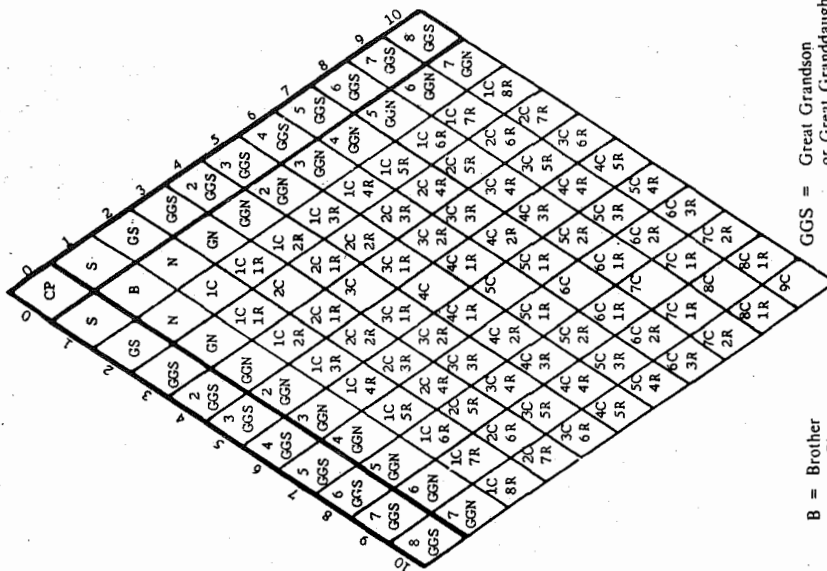

The second great grandchildren of your second cousins are your second cousins four times removed and you are the same to them.

A simple formula for figuring cousin relationships by the above method is this: Call the common ancestor "O" and count down to the subjects; subtract one from the smaller of the two figures - this is the cousin relationship. Then subtract the smaller number from the larger and this gives you the times removed. Example: one subject is seven steps down from the common ancestor, the other is four steps down - one from four is three, so the cousinship is third cousins, and four from seven is three (three times removed) making them third cousins three times removed (3C 3R).

Another example: Subject No. 1 is 9 steps down from the common ancestor. Subject No. 2 is 6 steps down from the common ancestor. 6 - 1 = 5th cousin. 9 - 6 = 3 times removed. So they are fifth cousins three times removed (5C 3R).

Of course, if the steps down from the common ancestor are the same you simply subtract 1 from that number and it gives you their cousinship and there are no times removed to be figured. Remember also that the common ancestor is never counted when figuring the steps down to the subject, just as it appears on the chart.

CARTER COAT OF ARMS

The most important aspect of their heraldry is the cartwheel, topped with an English hunting dog, or greyhound, an animal noted for its speed and swiftness.

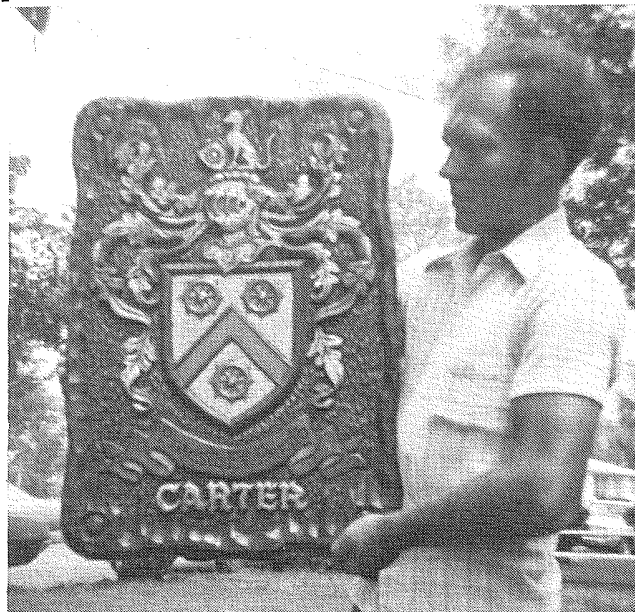

The arms or shield is on a silver shield, and the chevron between three green cartwheels. Cartwheels are symbolic of the occupation and give evidence of the origin of the name. The chevron is traditionally decorative, while the helmet above the shield is associated with the "English Gentlemen," indicating social status.

The crest on a green mount (or helmet), has a silver greyhound in a sitting position holding a silver shield on which is a green cartwheel.

Inscribed on the scroll below the shield is the motto, "PRAESTO ET PERSTO" a Latin phrase, meaning "Preparedness and persistence".

Colors: green (wheels, chevron, part of armorial bearings), principal color of charges symbolize hope; silver, (dog, shield, helmet and some of the armorial bearings), and color of the field and the greyhound symbolize "peace and sincerity".

LEVI CARTER, my Patriot

My real search for information on Levi CARTER, my great, great, great grandfather began in 1977. My father, Duffy CARTER, told me in 1961, that Levi CARTER came from Wales to New Jersey.

Levi and other CARTERS (John Sr.; Joseph; Caleb Sr.; and Nathan) were traced together from New Jersey to Greene County, Tennessee, and may be brothers. Also Ephriam and David.

In 1772, Caleb CARTER, Sr. claimed 400A of land in Monongalia County, Virginia.

Two years prior to the Revolution, they served in Lord Dunmore's War. The document, "Captain Zackquill Morgan's Roll", p. 19-20 with seventy-six names, days served, and pay, dated 4 Oct 1775, included these names:

Levy (Levi) CARTER 162 days; Pay 12:3:0

Caleb CARTER 162 days; Pay 12:3:0

Joseph CARTER 162 days; Pay 12:3:0

Levy (Levi) possibly about 40 years of age, had an active frontier life like others of his generation, and was fully capable of withstanding the hardships of military service. During this time, 1775-1777, Levi CARTER had land on Indian Creek, at the mouth of Lemasters Run, near present day Arnettville. The town was Point Marion, Virginia, where the Monongahela River and the Cheat River meet.

Levi CARTER and John CARTER, Sr. both served two months at Pickett's Fort, located on the Monongahela River about twenty miles south of present Morgantown, Virginia. They were under the command of Capt. William Haymond and Lt. Morgan Morgan. This document, preserved by the Haymond family, carries the title of "Pay Roll of Capt. William Haymond's Company of Monongalia County Militia", from the 15th of April until the 12th of June 1777. Twenty eight names were on the payroll.¹

Later in 1777, CARTER's moved south through the Shenandoah Valley, Appalachian Mountains, to Surry county, north-west North Carolina, just south of the Virginia line, where Levi Sr., Caleb, Jesse, Nathaniel, John and others are listed as soldiers from North Carolina.²

DUNMORE'S WAR 1774

— Lord Dunmore, starting from Winchester, augmented his army at Pittsburgh and Wheeling, from which latter place he marched for the Shawnee towns, ordering Col. Lewis to meet him on the Ohio.

— On Dunmore's order Col. Andrew Lewis assembled, at the Levels of the Greenbrier, the militia from Augusta, Bolcourt and Fincastle counties, and marched up the Kanawha to meet Dunmore.

CARTER, Levi con't

The CARTER'S of Washington and Sullivan counties, North Carolina (Greene county, Tenn. by 1783) were included in 1780-81 "Inventory of Taxable Property of the Twelfth District in the Present Circulating Currancy" from Washington county, North Carolina. Abraham (oldest son of John CARTER, Sr.); Caleb Carter, Sr., not Levi's son; John CARTER; Joseph CARTER; and Levi CARTER. They paid taxes until the 1783 Land Act by North Carolina, when each CARTER head filed a claim for a given number of acres. Levi CARTER, Sr. and John CARTER Sr. with adjoining tracts of land on Lick Creek possessed no more than squatter rights--built a Fort (CARTER PORT), planted a crop, and tried to obtain a deed.

A historical marker "John CARTER established a settlement in 1783" at CARTER'S STATION in Greene county, Tenn., located 8 miles northwest of Greeneville on Hwy. 70, near the old Albany Post Office. Originally it was on the old Babbs Mill Wagon Road that ran east and west through Greene county from near Rheatown to the Hawkins county line near Bull's Gap. CARTER'S built their PORT on present-day site of CARTER'S STATION and Cemetery, where they fought the Cherokee Indians at Lookout Mountain. It was an intensive battle and lasted nearly a decade, with the whites prevailing.

A Revolutionary War voucher made out to Levi CARTER, State of North Carolina, No. 3538 was for £ 12:3. The auditors for the counties of Washington and Sullivan, North Carolina, certified that Levi CARTER received in account twelve pounds, three shilling, dated 12 June 1783.

The CARTER'S of Surry county, North Carolina, had supported the Revolution in both Virginia and North Carolina, while living on Indian lands, and had contributed soldiers to the cause. The King's proclamation in 1763, forbid white settlement west of the Appalachian Divide, so they were vulnerable to severe punishment by the British. Local Tories could identify the CARTER'S as enemies of the King, and soon after 1782, the CARTER Patriarchs reached the conclusion that they could save their families by migrating en masse with the other threatened families to the Watauga-Tennessee Valley frontier. Some of the CARTER'S in the War lived long enough to apply for a Revolutionary War pension about 1830, and gave New Jersey as their birthplace.

These claims along Lick Creek were entered in North Carolina books during 1783-84, but four to ten years passed before receiving a full title. No sooner than the ink was dry on the original claim, ownership began to change by way of sales and purchases, gifts to children or other relatives, and by Bequests to heirs. The original surveys and plats of CARTER land grants are in North Carolina State Archives at Raleigh.

affixed. Witness: Richard Dobbs Spaight, Esquire, our Governor Captain General and Commander in Chief, at Newburn, the 12th day of January in the 17th year of our Independence and in the year of our Lord 1793. Signed: J. Glasgow, Secretary. Richard Dobbs Spaight.

Levi CARTER'S name appears frequently in the Greene County Court minutes from 1783- , as well as that of Abraham, James, Joseph and Daniel. Caleb and Levi are named in 1784, in court cases as plaintiff or defendant; or to register an earmark for their hogs; jury lists; or appointments. In August 1786, "Ordered that a road be laid off from Babbs Mill to the County line below Swan Ponds", and named Joseph CARTER, Abraham CARTER, Levi CARTER and nine other men to view, mark, and report to the November Court. This was the year 1786, that Levi CARTER'S son, our Elijah CARTER was born.

In December 1784, the State of Franklin was organized; and Southwest Territory (South of Ohio) was formed to provide state or territorial government for Washington, Sullivan and Greene counties.

CARTER STATION Campgrounds date back to September 20, 1787, at which time one of the church founders, Joseph CARTER, received a land grant from the State of North Carolina. A Christian Society was organized in 1790 and an outdoor preaching place was built on the hill in the present CARTER'S STATION cemetery. Traveling circuit riders preached at CARTER STATION in the early years, and services were held there until the Great Revival Era near the turn of the century. Shortly after 1800, a church, 40 x 30 was built of hewed pine logs, two-story covered with boards and had but one window. Two local ministers, The Rev. Benjamin Van Pelt, and Rev. Benjamin Williams served the church for many years. The latter is buried on the camp meeting ground. The Van Pelt home on Lick Creek was a favorite stopping place for Bishop Francis Asbury when he visited the area. This famous camp meeting site, had a large shed early in the century. A second shed was built in 1847--"the best in East Tennessee". In 1836, nine additional acres was purchased for camp meetings. In 1878 the present building was erected. "The present congregation at CARTER'S STATION United Methodist Church (formerly Albany) is striving to fulfill their obligation to God and to the founders of Old CARTER'S STATION, and pledge to keep in service that which in trust has been passed down to them".

CARTER'S were numerous in America at the time of the first census, 1790, as number 63, appearing 651 times.

In 1805, Levi CARTER and Peter CASSEL were on the tax rolls in Greene County, Tenn.

GENEALOGICAL RECORDS

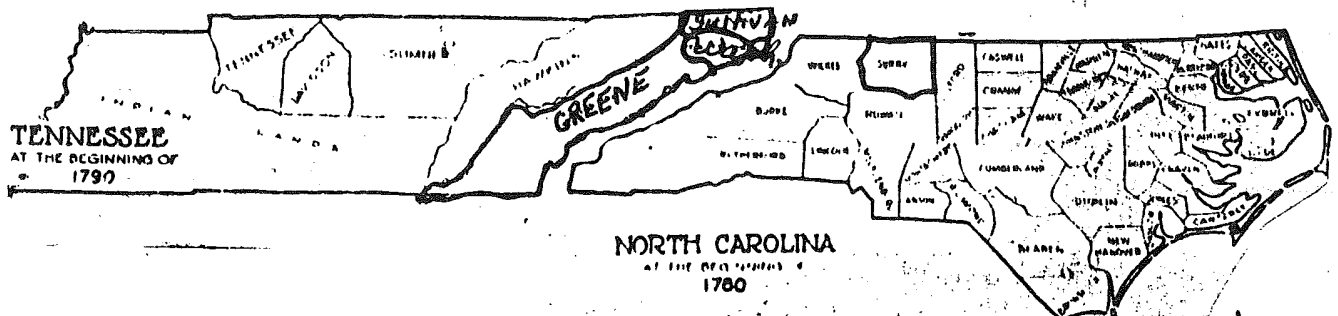

Levi CARTER, my Patriot

A newspaper article about Carter Station United Methodist Church, "Early white settlers from New Jersey, by way of Pennsylvania, Virginia, and Surrey County, North Carolina, came upon a fortified Indian Village, made peace¹ with the Indians, and established a settlers fort in 1783". "Many of the settlers and members of their families and their descendants are buried in the cemetery near the site of the fort. The first person buried was a Mr. Hardin, whose mocassins became entangled in the brush of a cane-brake on the north side of Lick Creek when he was overtaken by the (Cherokee) Indians, and killed."²

The 1805 Camp meeting at Carter's Station began 23 Aug. 1805, and lasted four (4) days. 10,000 people came.³ The families camped.

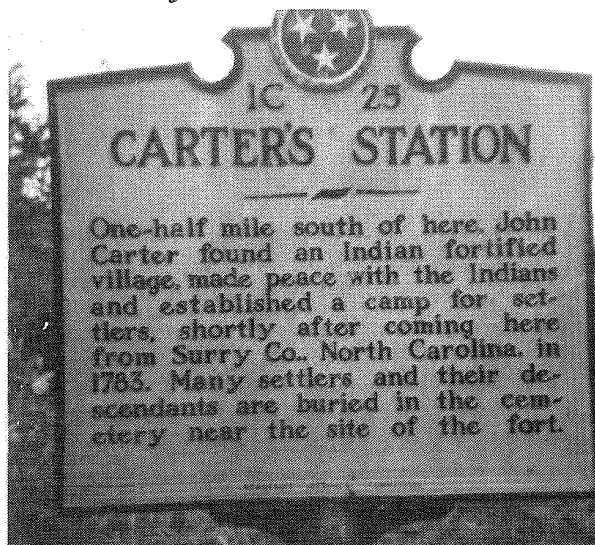

In Greene County, Tenn. records, Elijah CARTER, (a son of Levi) bought a razor, knife, a pair of spectacles, Bible and a chair from the estate of Joseph Carter Sr. (deceased) 16 Nov 1811.

In the Court of Pleas and Quarter Sessions (1814-1818) page 253, On 26 July 1815, 15A each from Jesse, John and Levy Carter was transferred to Caleb and Joseph Carter, for their parts as Heirs of Levy Carter (deceased). (sons) On 27 July 1816, Elijah Carter transferred his share to Joseph Carter, (with Joseph Carter, Sr. and Jabesh Carter, witnesses.) On the 16 Oct 1815, Levi's daughter, Susannah and husband Absolom Templeton sold their 16A share to Joseph Carter). (John Carter was a witness). On the 13 Sept 1815, daughter Rachel and husband John Hartley sold their share to Caleb Carter (bro). If Susanna's land (Levi Carter, Sr. estate) was divided equally at 15 and 16 acres each, there might have been 10 children.

CARTER,

1841 OX-TEAM CARAVAN

The heads of two families, Elijah CARTER and William GLENDENNING, had a desire in their hearts, as did their forefathers, to have a new home. One must admire these sturdy pioneers who braved the storms and faced dangers to make for themselves and their families a new place in the wilderness to love and call home.

The 1841 ox-team caravan, from Rush county, Indiana, to Gentry county, Missouri, covered about 500 miles. It was slow and without well-marked trails, unbridged streams and rivers, and took from spring until 15 September 1841. However, this caravan was determined to make Gentry County their new home. The Northwest Missouri wilderness was occupied by hunters, trappers, traders, and some Indians.

According to Bible records and the 1850 census, the following CARTER's and GLENDENNING's were included.

Later:

GLENDENNING, Mary F. 24/ Jonathan BOGUE 26 came to Mo. Apr 1846 with sons, Wm 8, Dillon Riley 6, and John BOGUE 1

CARTER, Jane 24 / John BURTON 27 came in 1848 to Mo. with Andrew 12, Elizabeth 11, Jonathan 9, George BURTON 3 Jane married (2) DEMOTT, after 1860 census; he d. pre 1870.

Matches appeared about 1841, to replace the flint rock. The CARTER's and GLENDENNING's carried food staples in their wagons, hunted wild game, and picked wild berries and nuts on the trip. Most settled in Howard and Athens Twp., Gentry co. Mo. after arriving 15 Sept 1841. "They built lean-to's on their covered wagons, and shelter for the oxen and other animals. Then in 1842, they built log cabins, most were 2-room, with a fireplace in either end, and a window of greased paper to replace one log. Logs were notched to fit at the corners; and covered with clapboards held on with weight poles, as no nails were available; chinkin between the logs, was held in place with mortar of mud; and the puncheon floor was made of slabs split and hewn. The hearth was made of mud, stone and sticks, with a mud chimney. Cooking was done over the fireplace.¹

The men cared for their crops, livestock, cut wood, and hunted for wild game. They butchered in winter, smoked or cured bacon and hams; fried sausage and placed it in a large jar or crock, and covered it with grease or lard. They sold cattle at stock yards only in winter, to be butchered. The women did washing, ironing, cooking, housecleaning, cared for the children, quilting, sewing, and helped with the gardening and canning, butchering and tanning. They got honey the bees left in trees.

In those days, farming implements were very crude--wood-en plows were replaced by ones made by the blacksmith. A yoke of oxen could plow nearly one acre per day; and with a steel plow two or three acres per day of sod. The grain was

1. History of Harrison co. Mo., by Wannamaker (c1921) p.386

CARTER, Con't

cut with a hooked sickle and pounded out with sticks, or flails, and the chaff was blown out by the wind. Cradles replaces the hand sickle, followed by the 2-man reaper, grain binders (later threshed), and now the combine. They had to go to a mill to have the grain ground into flour. Earlier corn was soaked to soften it, then grated for meal. Biscuits were a luxury for Sunday only. The first gristmill was in the southern part of Gentry county.

Flax and hemp were raised; fibers spun into cloth; they carded wool, spun it into yarn, and the mother would make clothing for the entire family. The father made shoes for the family and often for the neighbors.

In 1841, mail could be picked up at the Trenton, Mo. Post Office by paying 25 cents (about 4 bushel of wheat), and going about 60 miles one way. The first mail in Gentry County was delivered to the court house; then Philander had a Post Office from 8 June 1858 to 7 Nov 1873 ($\frac{1}{2}$ mi. north of Elijah CARTER's and the CARTER Cemetery, and SW of Vincent CARTER's). Lone Star was a Post Office 7 Nov 1873 to 22 Dec 1905, when mail was sent to New Hampton, Mo. (Vincent's), or Albany, Mo.

Elijah and Susanah CARTER built their home (log cabin) in 1842, in Section 34, Howard Twp. $\frac{1}{4}$ mi. W of Carter Cemetery and $\frac{3}{4}$ mi. N of the Athens Twp. line. Here they reared their single children and five orphans (three of whom were grandchildren): Sarah S. M. NEEDLES (1849-1861) (dau. of Susannah and Cabbage B. NEEDLES); John Lewis CARTER (2 Aug 1851-29 Mar 1878) and Sarah S. CARTER (13 Dec 1853-8 Apr 1943) (children of John B. CARTER and m(1) Amanda THOMPSON). Rosanna B. BAKER (b. 11 Feb 1843) and Baxter P. BAKER (b. 2 Sept 1845) were named as orphans in Elijah's family Bible.

The CARTER's were a deeply religious people, many were Methodists, and many bore Biblical names. Elijah's home was used for public worship for 12 years. He rode 50 miles, about 1842, to get ministers, Isaac BURNS and Noah RICHARDSON, to come to his home for a camp meeting, which lasted Thursday through Sunday, and was attended by 200 people of more, who came from Daviess, DeKalb, Nodaway, Harrison and Gentry counties, in ox-team wagons, well-supplied with provisions, which they cooked and ate at Elijah's farm, while they camped for the meeting. (This was a custom from the CARTER's in Greene county, Tenn.) The CARTER's and GLENDENNING's had much to do with the beginning of the Methodist Church in Gentry county, Mo. Several GLENDENNING's became ministers.

They visited with their neighbors. Very few books were available for the short school terms that followed the farm working seasons. Many attended Glendenning School (log cabin).

CARTER, Con't

They entered claims for public land, adapted their farming to this new land, and when new land came into market, preempted it at \$1.25 per acre (or not more than \$3.00). They purchased more land as they could (often \$50.00 for 40A) (or sometimes traded a cow for land) to enlarge their farm programs.

In Sept 1846, Elijah CARTER served on the Grand Jury, and was paid 50 cents for his service. In 1847, he served as Election Judge for Howard Twp.

Elijah and Susanah lived and died on this farm, 1858 and 1859. Son Nathan CARTER in 1860, Athens Twp. had his nephew John L. age 8, and Baxter BAKER age 14, the orphans. Nathan was engaged to Susan ROSS who died Oct 1858, and Nathan was said to have gone West, or did he go to the Civil War, 5 Apr 1862 from Iowa, and die 13 Apr 1862 at Shiloh, Tenn? According to the Atlas of 1877, Elijah's farm was owned by H. GIBBANY; and Alford STEWART owned 16A east of the Carter Cemetery. George HOMAN was owner in 1958 (Photo in the Albany Mo. Ledger). (11 June 1958); FRY, owner 1920' log house fire.

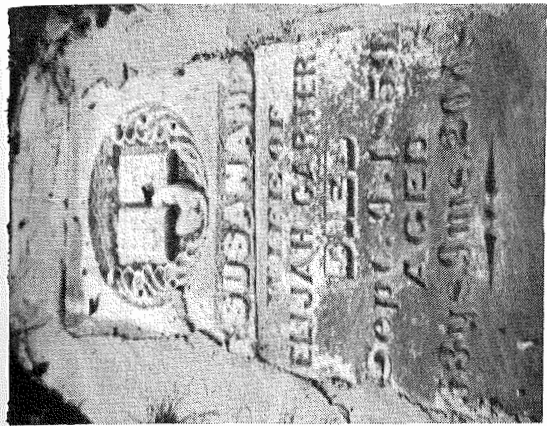

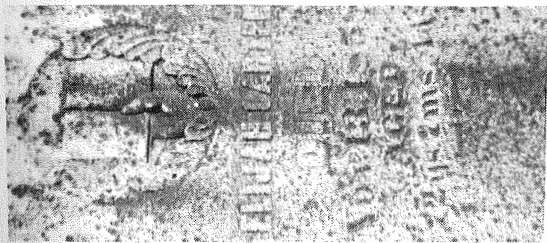

Vincent (or Vinson) CARTER, oldest son and second child of Elijah and Susanah (CASSEL) CARTER, was born 4 Jan 1814, near White River, Greene County, Tenn., and moved with his parents to Campbell county, Tenn. 1816-1826; and Brown co. Indiana, and on to Rush county, Ind., Jackson Twp, in 1826. Vincent rented a farm, entered 80A in Rush co., and improved it.² He married Miss Patience GLENDENNING, 28 Feb 1839, the daughter of Joseph William GLENDENNING and Martha ASKREN (ASK-INS), who was born 13 Mar 1821, Eagle Twp, Brown co., Ohio.

In the spring of 1841, Vincent, Patience and baby Elizabeth "Betsy" joined the ox-team caravan to Missouri. Vincent had one horse, one yoke of steers, one cow, a wife, baby, one wagon and one dog when they arrived in Gentry county, Mo. 15 Sept 1841.³ Five weeks later, their second child, William Glendenning CARTER was born 23 Oct 1841 in the covered wagon, near Panther Creek and a steep bluff to the south. At this time, the first white child in Gentry county, was six months old. Their log cabin was built 1 mi. east and 1 mi. south of (now) Lone Star, close to Panther Creek--later moved north on higher ground because of flooding. (Howard Twp. Sec. 23, 80A $B\frac{1}{2}$ of $SE\frac{1}{4}$, and 79A in Sec. 24 $SW\frac{1}{4}$ of $NW\frac{1}{4}$; and $NW\frac{1}{4}$ of $SW\frac{1}{4}$.) It was 6 Mi. NW of (now) New Hampton, Mo. Later, Vincent added 40A in Sec 26, $NE\frac{1}{4}$ of $NE\frac{1}{4}$.) Vincent and Patience had 8 more children; Susannah, Elijah Albert, John Lewis, his twin died, Martha, Milton Riley, Hiram Franklin, and Jane "Jennie".

CARTER, Con't

Vincent's children attended Glendenning School, about 1 mi. south of their home. The teachers in those days did not believe in "sparing the rod and spoiling the child". About 1840, teachers were paid about \$12.00 per month and boarded themselves.

Vincent had a fair education and taught school, after farming season--5 months, Sept. to Jan.; and 3 months, Apr. to June. Later they had 8 month schools, now 9 months. Parents often walked to school with their children, as many wild hogs roamed the area. All the children went barefoot in season until they were about 12 years of age.

On Sunday, the family walked to church or rode in an ox-team wagon. Often Vincent planned church services in the community school house. Later they had Willow Row Methodist church.

Another farm improvement was when Vincent built the large barn, held together by wooden pins. The foundation was made of huge rocks from the farm, some four feet through, and pulled in place by the oxen. The driveway through the barn, south to north, was floored with oak, and often covered with a little straw (sure made good sliding); big doors at both ends; and a porch swing hanging inside the south doors, always occupied on rainy days, and when the grandchildren were around, as a big cow horn hung on the wall nearby. (Who could blow it the loudest?). The hayloft was over the stable rows.

Vincent's oldest son, William G. CARTER served in the Civil War, Co. B. Reg 35 Mo. Vol. Inf. 1862 to 1865. The youngest son, Grandpa H. Frank, about 9 years of age, worried about William being so poor and thin when he returned home.

The Vincent CARTER home did not escape the horrors of the Civil War. Night raiders or bush whackers came masked at night, and called for great grandpa Vincent to come out--they were going to hang him. He recognized their voices as neighbors; jerked the kerchief from the face of one man; and got back into the house, and closed the door. He sent his family to a back room; and Vincent got his gun to shoot--called them by name, threw open the door, took aim to fire, when the eldest son at home then, John Lewis CARTER, a cripple boy, age 13 or 14 grabbed a butcher knife and ran to the aid of his father and got into the firing line. The raiders soon left, but said they would return. That night the family hid in a stand of tall prairie grass southwest of the barn. They sent word to the (Union) State Militia camping several miles away. They responded, and Captain Jackson DYE, (later Vincent's son-in-law) and his Militia group came and camped

CARTER,

Con't

on CARTER ground and ordered their men to comb the countryside and shoot anyone with a gun. They found a man hidden behind a log with his gun lying over the log ready to fire, and they shot and killed him. A horrigying experience, but the lives of the family were saved. Grandpa Vincent CARTER wrote the names of the men involved and placed the paper in the marble topped dresser drawer.

H. Albert CARTER, 2nd son, said his father Vincent used to haul cured bacon to St. Joseph, Mo. (about 60 miles one way) which he sold for $2\frac{1}{2}$ cents per pound. They slaughtered from forty to fifty 2yr old hogs at a time. The hogs ran in the woods, and were fed a little corn only in winter.¹

The log cabin was replaced by a frame home that included a porch, and was used until the turn of the century.

Cousin, V. Louise BENDER, remembers several items, used by Vincent and Patience, that remained on the farm--H. Frank resided until his death Feb. 1940. A large dough trough made of Linn wood had a hole in the bottom and was patched with a board. A shovel, nearly worn down to the handle by Vincent, to remove rocks from the trail for the 1841 ox-team caravan from Indiana to Missouri. A broad-axe, that Vincent used to cut, fit, and notch logs and lumber in making houses, barns, and wagons, was later sold by Victor.

VINCENT CARTER obituary

Died at the home of J. W. SWANK (his son-in-law, and husband of Martha CARTER-ROSS-MCDANIEL-SWANK), in Albany, Mo., (4 blocks north and 2 blocks east of the Albany school) on August 19, 1888, Vincent CARTER, in his 75th year.

Mr. CARTER was born in Tenn., 4 Jan 1814. Elijah and Susanah CARTER, his parents, moved to Indiana where Vincent was married to Patience GLENNING, 2 (28) Feb. 1839. The CARTER families moved to Missouri in 1841. Vincent settling on the farm he owned at the time of his death. He was the father of ten children, eight of whom mourn his death.

Mr. CARTER was a member of the M. E. Church from his youth, always by a consistent life adorning the doctrines of God his Savior.

He took sick at the (Old Soldier's) Reunion at Albany, and was removed to his sister's, Mrs. Martha SWANK, where he died after ten day's illness. His wife preceded him in death one year and a half. He was buried in the old family graveyard (Carter Cemetery) on the 20th. Thus the pioneers are passing across--who will fill his place?²

2. Albany (Mo.) Ledger, 24 Aug 1888, p4.

"Vincent CARTER was possessed of those qualities of mind and heart which have made him everybody's friend, and is respected by all." (from History of Gentry co. 1882, p. 487) He is an active member of the M E Church, as were all of his children.

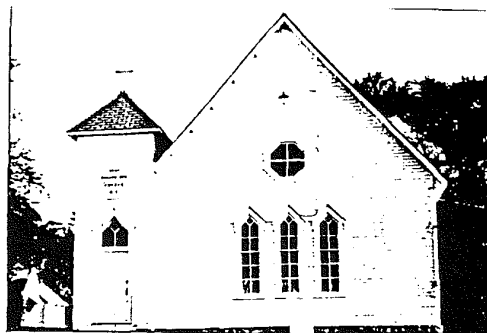

SALE: (31 Aug 1888, Albany Mo. Ledger. p4) E. Albert CARTER (2nd son) had sale bills printed advertising a public sale of property of the late Vincent CARTER, on Fri., Sept 7, 1888, at the late residence 2 miles southeast of Lone Star, Mo.

Maude Carter Bender, Albany, Mo. "Recordings in 1977"

The home of my great grandfather, Vinson CARTER, was used for public worship; later worship was moved into the schoolhouse, which was called the Glendenning Class. The Methodist built a church, named it Willow Row; as a row of big willow trees running past it and on west. The churchyard then had evergreen trees and maple trees, all gone now. A large hackberry tree is there now, (1977). The churchyard was fenced with a hitch rack outside; also board steps and a board walk to the fence, with steps called a stile, leading to a flat top, for to step down into the buggy, or to mount a horse. All are gone now.

ALBANY--Enthusiasm and interest by the people of the Willow Row Church through the years will keep the spirit moving through generations to come, said founding fathers in the church's 100-year history.

Willow Row Church, northeast of Albany, will celebrate its 100th

made with Frank Twist, Albany, and Cui C. Baker, Martinsville, to oversee the construction of the building.

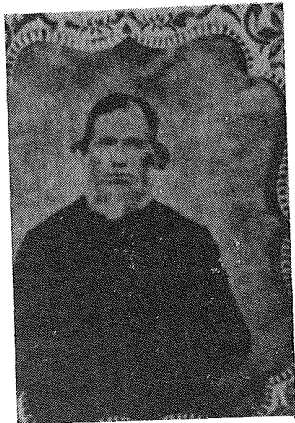

S. B. Cross and S. Sharp, Bethany, laid the foundation. The large stones in front were hauled by teams from the Flint Quarry in Bethany. Joe Van Houtan used the Clelland team to haul the rock from

low Row grounds for a youth camp. Ward met with parishioners to carry out the idea. The matter was discussed and funding gathered and eventually the dream became a reality. The camp is used to this day. Campers from all over the area come to the Willow Row Church camp in the summer to enjoy the serenity of the area.

Nov 17 1878

Mr Glendenning rev. Sir
uncle I take my in hand to write you a few lines to let you know that we are
all as well as common. We received your letter some time ago and was glad to
hear from you but very much disappointed to hear that you were not coming to

see us. We were very glad to hear that grandma is with you. we had not heard of her & uncle Nathan but once since they came to Kansas. The health of the country is very good at present but there was a great deal of sickness here during the summer and early fall. We have peaching and sabbath school every sabbath at our school house. If all goes well there be a church near us by Christmas. It is a Presbyterian church The Methodist class in this neighborhood talk of building a church next year & have secured and laid out the ground for the same. Cowley Co never had a better prospect for a good crop of wheat than at this time. The weather is very fine we have had but few cold days yet. Well uncle I not much to write about & as I want say a few words to grandma and uncle Nathan I will close to you hoping to hear from you soon this leaves us all well and hope that it will find you Dear uncle pray for me. pray that as I become older that I become more resigned to the will of an all wise God. that I may become more like him who died for me. I try to cast my burdens at his feet and leave all with him but it is very hard yield to his will some times. and say thy will be done and not mine. good bye for this time I remain your neice.

Lizzie Heffner.

Without doubt most all history has been written from tradition. Perhaps some few persons of olden times have kept a diary as well as some few of this age, to which they may refer for accurate data.

It matters not in what form the facts have come into present hands, whether by tradition or by recorded accounts accurately kept since this bit of history has to do with but two "clans" CARTER-GLENDENNING. All historical events are supposed to be recorded in chronological order, but this goes to the public subject to correction.

"The Pilgrim Fathers" of this narrative, one branch of which, trace back to the happy home, of Levi and Susanna CARTER, in Tennessee, to their son Elijah, who with his wife, Susanah, daughter of Peter and Elizabeth CASSEL (CASTLE), bid adieu to their home ties and journeyed northward into the land of Indiana, where they dwelt for a time. It was here that they became acquainted with William GLENDENNING and wife, Martha, who had journeyed from Brown co., Ohio, to Indiana. (Rush co.)

During the sojourn of these two families in Indiana, many a romance might have been recorded. For also it was here that the sons and daughters of Elijah CARTER began to take unto themselves wives and husbands from among the sons and daughters of Wm. GLENDENNING. (4)

The heads of these two families, having the same desire in their hearts as did the forefathers of long ago, wished to make such a home and such a name for themselves and families, that the posterity of the far future would rise up and call them blessed.

Breathes there a man with soul so dead that does not admire these sturdy pioneers who have braved the storms and faced the dangers to hew for themselves a place, out of the wilderness, which they could and loved to call home.

During the seventy-two (72) years just passed, many changes have occurred. Now we travel in touring cars. In 1841 Wm. GLENDENNING and family, together with Elijah CARTER and family emigrating in home made wagons, drawn by oxen, journeyed westward into the land of Missouri. Wm. GLENDENNING selected for his home a piece of land northeast of Albany which is now the Lane farm. Elijah CARTER selecting for his home the land near what is now known as the CARTER Cemetery. It is worth while to note that the house now standing one-fourth mile west of the CARTER Cemetery was built 71 years ago by Elijah CARTER, where he lived and died. He donated the ground which became the Cemetery.

When these pioneers of early days sought new homes they did not leave behind them their worship of God. The home of Elijah CARTER was the first Methodist preaching place in this part of the country. This home was used for public worship for 12 years.

Elijah CARTER rode horseback 50 miles to secure the first preacher. As time passed there arose among the sons of GLENDENNING, ministers of the Gospel who preached at different places in the settlement. Altho there has always been a preaching point in the CARTER and GLENDENNING settlement, the locations have changed and the ancient landmarks have been removed until now in our present day we have left us in honor of the name the GLENDENNING School district.

Besides rearing fifteen children of their own Elijah and Susanah CARTER made room in their home for five orphans, three of whom were grandchildren taken in infancy, and Baxter and Rosanna BAKER.

Space will not permit the printing of the names and marriages to trace the relationships down to present time. By way of explanation, John GLENDENNING, Jr. was a son of Wm. and Martha, whose wife was Nancy. John "Big" GLENDENNING, Sr., cousin to John, Jr., whose wife was Elizabeth. The GLENDENNINGs were of families large in numbers. There are many of mention but for present purposed we must stick to the text, CARTER-GLENDENNING Reunion.

For many months a reunion had been talked. Finally plans were made and the date fixed as Sept. 18, 1913. The place of meeting to be the home of H. F. CARTER, son of Vincent CARTER, grandson of Elijah CARTER. The farm is the old home of Vincent CARTER.

The day was ideal. Friends and relatives came from far and near. About 250 relatives were present. Many who could not attend, wrote to the reunionists expressing their regret in not being able to attend. And well might they regret it.

A table about 75 feet in length, beneath its burden of good things to eat, groaned until the photographer had recorded the faces of all present. Several different pictures were taken, all of which have proven to be a true likeness. One picture in particular should be mentioned, that showing the five generations, Martha SWANK representing the oldest generation, is the oldest living member of Elijah CARTER's family.

We cannot mention separately all who were present. The ones coming the farthest were: Mrs. Martha SWANK, Susan TEMPLE, Mr. John CARTER and son of Stanberry. CARLOCK Brothers and families, and Mr. CANADAY of Gentry. Messrs. S. R. CARTER, Jas. W. MOCK and family of Kansas; Robert HOLDEN and family of Iowa.

The writer has tried to give as much information concerning the two pioneer families as was obtainable and whatever is lacking at this time

can be given next year by those living, since some suggested that it be made an annual affair.

Great preparation had been made to insure the success of the occasion, rain or shine. A tent had been pitched and seated for the occasion. Perhaps it is not wrong to mention the fact that a few colored brethren had written to H. F. CARTER offering their services to entertain the crowd with up-to-date Jubilee entertainment. Offer not accepted.

It is needless to say that everyone enjoyed themselves, meeting and talking with friends, recalling the times they "ust to hav," feasting on the good things of the land and thankful to God for all that makes life worth living.

CARTER-GLENDENNING REUNION 23 Sept 1914 Near Willow Row church

Big Crowd at Reunion. Over 300 relatives and friends are reported to have enjoyed the CARTER-GLENDENNING Reunion, which was held on Wednesday of last week at the home of Mrs. Martha (CARTER) CLELLAND, near the Willow Row church. James CLELLAND secured a large tent and seated it comfortably for the use of the guests, who came from near and far to participate in the reunion. A noonday feast fit for the gods, some appropriate talks and a day of visiting and recounting the happenings and incidents of the early days made the reunion all that anyone could ask for such an event.

Wonderful, indeed, have been the changes in north Missouri since 1841, when Elijah CARTER and his sons and daughters, together with James, Richard and John GLENDENNING, came from Indiana and settled in what is now known as the Willow Row District. In those days such conveniences as telephones, automobiles and dozens of other modern articles of every-day use were undreamed of; near neighbors were generally miles away; roads and bridges were practically unknown; the best of lands could be had for the paying of the government's homesteading fee; Gentry, DeKalb and Worth counties were part of Clinton county; railroads were either away east or still further away in the dreams of "impractical" romancers, and the fellow who should have told of even a part of the progress which was evidenced by those at the reunion last Wednesday would have been set down as the possessor of an unbalanced mind, and his friends would have shook their heads and sadly lamented the mental unbalance which could cause a human mind to indulge in such wild flights of fancy.

There may have been just a few of the old-timers ready to lament "the good old days" and sigh for the early-day conditions, but most of those who attended the reunion last week were glad that they live in this good year 1914 of the Twentieth century, and are permitted to enjoy the many advantages and opportunities which are offered in north Missouri where the fine farms, good roads, splendid town, good schools, churches, and other evidences of our modern civilization have taken the place of the backwoods wilderness which the CARTERS and GLENDENNINGs tackled when they came out here from Indiana 73 years ago.

CARTER-CLELLAND Wedding

Green City Press, Mo. Thurs. Sept 20, 1917 p. 1 col 3

A beautiful home wedding occurred at the spacious farm home (Blanchard), of Mrs. Jno. CLELLAND, southwest of Green City, when her daughter Helen Mair (Nellie) CLELLAND was married to Mr. Duffy CARTER of New Hampton, Mo. at 8:30 Tuesday morning, Sept. 18, 1917.

As the wedding march was played by Miss Agnes CLELLAND the contracting parties marched to the parlor where Rev. J. A. FOUTCH spoke the words that made them one.

Only the immediate members of the family were present and after congratulations, a bountiful breakfast was served to the delight and enjoyment of all present.

Mr. CARTER is a splendid man of sterling worth who has shown wisdom in selecting this young lady who is industrious and loved by all who know her, and who is qualified to reign as queen of the home, which will be on a farm near Humphreys, Mo.

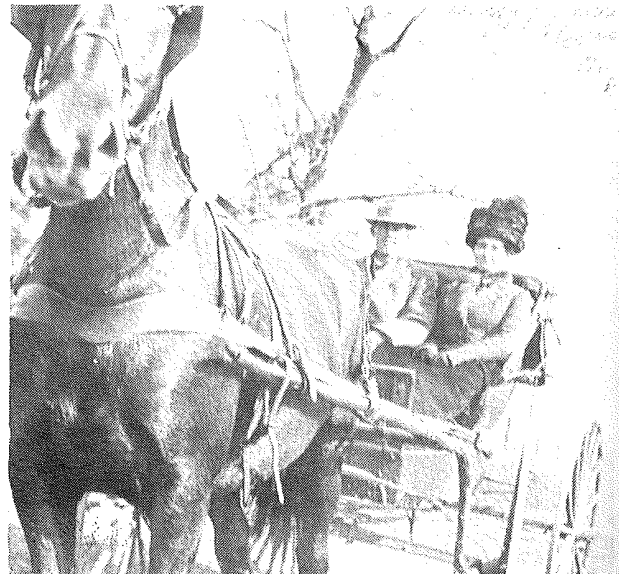

All their friends join us in wishing them a glorious life.

(Witnesses were: Mary CLELLAND, sister of the bride; and Mr. Robert CLELLAND, New Hampton, Mo. (cousin of both the bride and groom). Claude and Carrie CARTER, New Hampton, Mo. also attended.)

Historical sketch of the Humphreys Methodist Church

The Humphreys Methodist church was organized in about 1895 or 96, with Mr. and Mrs. Yambert, Mr. and Mrs. Rhodes (Rodes), Mr. and Mrs. G. W. Cowgill, Mr. and Mrs. James Henry, Mr. and Mrs. Martin Constant and Mrs. William Hefflin and Mrs. Clarinda Wolfe, as charter members. They used the Baptist church as a place of worship until completing their own building, which was dedicated in 1898.

The church is located on Stringer Street, about one half block north of Highway 6. It is of frame construction, plain hall type, with a steeple, and is in good condition. A church for any community to be proud of.

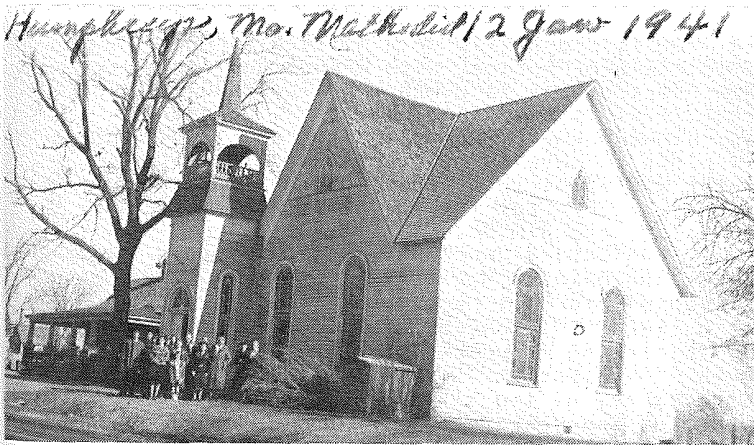

The church records were lost when the Humphreys Methodist church was transferred to the Reger charge. The membership at the present time (Sept 1941) is about sixty.

The church supports a Sunday school, but has no young peoples organization. From many sources I get the fact that Mr. and Mrs. Duffy Carter, through faithful untiring effort have been instrumental in keeping the Humphreys Methodist church an active helpful organization in Humphreys and surrounding communities.

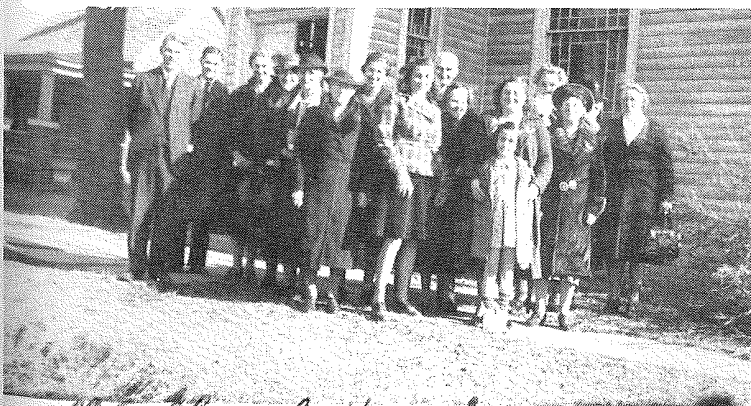

The church has had many revivals, some of the outstanding ones were held by Rev. William Pollock of Gilman City, Mo. (in a tent erected for that purpose) in about 1912 and another in 1930.

Rev. Grant Robbins was the first pastor, he was followed by Rev. Tanarian, Rev. Powel, and others, such as Rev. Hardy, a student pastor, from Cameron; Rev. J. Rickard, Rev. Coram, Rev. Lane, Rev. Lisenbee, Rev. Ridley, Rev. Winney, Rev. Francisco, Rev. R. O. Williams, Rev. F. R. Tate, Rev. C. S. Brott, Rev. Franklin Greene (about 1940-) Charles Scholtz in 50's.

Whaley School Dist 97

Very few trips in late summer to Grandpa Frank and Grandma Ada CARTER's were without an abundance of watermelon and muskmelon. They had a screened in porch off the kitchen, on the east, and here we washed our hands and faces before meals. Grandma usually had hot biscuits for breakfast; she made them in a big wooden bowl with flour, and after putting her ingredients in just used the necessary amount of flour; the remaining flour was ready for the next meal. This was probably the reason my Dad, Duffy, liked hot bread for breakfast--biscuits, hot scones (Scotch) or toast. Mother, Nellie, always baked 3 loaves of bread every Wednesday and every Saturday, using a starter, as did both Grandma Ada and Grandma Eliza CLELLAND. The latter made 10 to 12 big cheeses each year, as was the custom in Scotland.

Grandpa Frank had a well-groomed mustache, thanks to Grandma Ada; and he loved to rub or whisker us with the mustache when he was loving and kissing us. We loved to play in the driveway of the big barn; swing, and blow the cow horn, that hung on the wall nearby.

Grandma Ada predicted early who would win the Presidential campaigns. She loved the news on the Battery radio, later electric; as did son Duffy. I remember Grandma Ada always said, "By Jan 14, the daylight hours were one hour longer than during the shortest day".

Duffy and Nellie bought their first TV (television) after they moved to Trenton, Mo. from the Humphreys farm. Duffy really enjoyed the Republican and Democratic conventions, I love Lucy; etc.

Duffy was born 6 March 1886, and was 9 months old when his grandmother Patience GLENDENNING CARTER died 22 Dec 1886, on the farm they settled in Sept 1841. Duffy had his afternoon nap with grandfather Vincent CARTER and missed him so much when he died 19 Aug 1888.

In 1903, I found letters written by Duffy and Nellie to each other. In nearly every letter, until they married, they compared their progress in reading the Chapters of the Bible. Duffy read a lot at night and usually practiced the violin. Nellie, as her sisters, often stayed with the sick, and cared for them, so read when she could. She spent lots of time with Aunt Martha CARTER CLELLAND, and children, Robbie, Mattie and Frank; also Uncle James CLELLAND, who made his home there; and with Uncle Sam CLELLAND who lived at Park House, NW of Albany, Mo. Duffy often did carpenter jobs at Blanchard Farm--the John S. CLELLAND's--such as the silo; the big hay barn; the sheep barn, cattle barn, etc.

Duffy rented a 100 Acre farm 24 Feb 1917, until Sept 1; 4 $\frac{1}{2}$ miles SE of Humphreys, Mo. Taylor Twp. in Sullivan county; Sec 18, S $\frac{1}{2}$ of NE $\frac{1}{4}$; and E $\frac{1}{2}$ of SE $\frac{1}{4}$ of NW $\frac{1}{4}$, Sec 18, 61-21. He borrowed \$4500 at 5% per annum due March 1, 1922. Due to the death of John S. CLELLAND on March 2, Duffy had the contract extended to Nov. 1. Duffy and Nellie were married 18 Sept 1917. In Oct Duffy and Nellie drove two teams of horses, with wagon, and buggy; in two days from 6 Mi. NW of New Hampton, Mo. to Humphreys, about 80 miles. A whistling train under the 17th Street viadock in Trenton, Mo. scared Nellie's team, that ran, but was slowed down by Duffy's wagon and team. E. B. INGRAHAM could not find a place to move by Oct, so stayed longer on the DYE place. Much of the winter was spent in foundation and floor repair.

Duffy CARTER and Jim CLELLAND registered for the WWI draft 27 May 1917. Peter, 32, was past age; Duffy was 31, and Jim 30.

In 1922, Extended farm for 5-yr and paid 8 June 1927; borrowed again during the depression 1932. \$2000. and paid 19 Mar 1946.

At first, Duffy and Nellie attended church at Hamilton (1 $\frac{1}{2}$ mi. E, 1 mi. S). They didn't have a car until 27 May 1923, but sometimes borrowed a Model T, from Mr. THURLO, who lived 1 mi E. The 80 mile trip to Grandpa CARTER's took about all day, and Elizabeth always got car-sick. About 1928, on a trip to CARTER's, Uncle Crit CARTER gave us two kittens, so Daddy had to make a crate and bolted it to the running board. John F. and James V. chose a yellow kitten, I chose a white kitten with a blue and a green eye. They lived to be real old, and large. We had a dog, Old Bob, later Reuben. After Duffy bought a Model T, they attended Humphreys Methodist church, where Duffy was Superintendent and taught Jr-Sr. high classes; and Nellie taught the adult class. I only remember one or two others being Supt. Elizabeth started piano at age 6 $\frac{1}{2}$ yrs, 2 June 1927; taking from Aunt Agnes CLELLAND; and she was playing for Sunday School as soon as she could play 3 hymns. Then the goal was to learn a new song before the next Sunday; so Duffy, my dad spent lots of time on the piano bench with me, and sang until I had it under control. Nellie didn't drive the car, so didn't go to Ladies Aid very much, but always participated in the annual Bazaar. The Humphreys Methodist Church closed in the 1960's, and the few faithful members left went across the street to the Christian Church. We went there to Church services when we didn't have services and they likewise came to the Meth.

We had a party telephone line (usually 6 to 8 neighbors; ours was two longs and one short--also our ring through Fairfax, Mo. when Leonard and I moved to Langdon, Mo. in May 1950.

John F., James V. and I were allowed to go to Blanchard Farm--Grandma Eliza CLELLAND--each with suitcase in hand, on the Train, with orders that we mind the Conductor. Someone from CLELLAND's met us with the horse and buggy, sled or wagon, at Sorrell, just 3 miles.

Duffy was on the Whaley School board many years; and he and John F. built a new building at Duffield, where Elizabeth taught 1942-44. Duffy was on the Humphreys Consolidated Dist. board after 1949; and he was also employed to help build the new building in early 1940's. Elizabeth taught here 1949-51.

I remember in 1923-7, when I was small, Uncle Tom WILSON (Grandma Eliza CLELLAND's older brother) from Winnipeg, Canada, stayed with us a week at a time, and he and Daddy always played checkers every night.

In 1924, Uncle Jim CLELLAND came over to help put in a concrete bridge east of our house, built a cellar and smoke house above (of red tile) Nov 1921. We had a cave too; and 27-30 Nov. 1927 Daddy started building the red tile hen house; and as he progressed laying tile, James V. and I would climb the ladder, straddle the tile, and follow Daddy.

Also, in 1926, at potato digging time, Uncle James CLELLAND of New Hampton, Mo. was staying with us, and he (age 93yr) and little James V. (age 3) picked up the potatoes. I suppose John and I were at school.

Uncle James and Uncle Sam CLELLAND both crossed the ocean 7 times, and when asked if it didn't worry him when on the big pond, Uncle James said, "Better men than me have been lost at sea".

Jobe Williams and Aliene, neighbors to the west, and Duffy and Nellie butchered together every year; also did many other jobs together, such as cut wood in the timber, haul it home, and buzz-saw it in chunks.

John F. and I went our 8 years to Whaley school, 1 mi NE, a rural school grades 1 to 8. A large enrollment, 28 to 35 usually. In 1933, John F. started to Humphreys High School; and borrowed a horse from Veldon and Hazel OGAN PETERS, and he and Harold CURTIS rode together. Then as a Soph. John F. and Wilburn WILLIAMS alternated driving the Model T's for 3 months; then John F., Eva OGAN and I rented 2 rooms in town for 3 months. OGAN's lived $\frac{1}{2}$ mi. East, as did Uriah, Evalyn and Rosanna CALLIHAN. Ray and Pearl HOGE OGAN had 4 daughters: Hazel, Alta, Eva and Luella. Jobe and Aliene SPRINGER WILLIAMS children were: Wilburn, Norene and Bob.

John F. took a correspondence course in 1937-8 from American Technical Society, and was soon employed at McVey's Ford, Trenton, Mo. as a auto mechanic. He retired in Aug. 1986.

John F. and I had the old-fashioned measles in Dec 1938; school was closed for two weeks, then all returned at the same time.

When John F. was 8 years old, Daddy had both the team and car in the west field at quitting time, so asked John which he wanted to drive to the house, and of course, he said "the car", so Daddy asked him if he knew how to stop it and he said "Yes"; so cranked it up, and saw him drive off towards the house. When Daddy arrived with the team, the car was half-way up the driveway, and a good safe distance from the gate that he didn't want busted.

In 1938-39, Aunt Agnes and I played piano duets at nearly every Sunday School convention in Sullivan County. The favorite was "O Happy Day".

I remember when a small child the chautauqua, tent meetings, etc.

Our first gravel road was in 1938, $\frac{1}{2}$ mi East, and to Humphreys. Most of the time we used the west road, previous to this.

Duffy farmed with 3 horses and one mule until the 1935; when he made a tractor out of CLELLAND's old Haynes car. He had a Fordson tractor late 40's. Laundry was still done on the washboard, and tub, until after 1940. Then a gas machine, followed by electric in mid-forties; and a refrigerator (sure saved trips to the cellar).

In 1939 CLELLAND's got a new 1938 Terraplane car; and we got the 1928 4-door sedan Whippet, and used it until Daddy bought the red Ford in 1949-50. By the late 40's Dad built a 2-car garage and shop, East of the house. It soon became the annual Methodist Easter Egg hunt and Picnic. In 1949 or 1950, Mike was about 3 yrs. old. and came up missing at the Easter Egg hunt; he couldn't find enough boiled eggs to fill his basket, so went to the hen house for fresh eggs.

Duffy was Assessor for Taylor Township for many years, and Collector for several years. I was his deputy 1949-51, when I was teaching in Humphreys. He liked the Collectors job best, also paid better. Duffy farmed and did carpenter jobs on the side; he enjoyed building new ones the most, rather than remodeling. His pride and joy was the new modern home for Jim and Marie JENNINGS, in the 1950's.

Duffy and Nellie had a farm sale in Oct 1959, and sold the farm to Bob WILLIAMS (or his mother-in-law). They moved Christmas week Dec 1959 (in Jobe WILLIAMS truck) to a new 2-bedroom home at 512 W. 13th, Trenton, Mo. (1 block W, and 1 block N of John F, Doris, Mike and Becky CARTER). Dad enjoyed walking to town to the hardware each day or so to visit; by 1961 he was ill, and bedfast March to 9 Jan 1962. I spent nearly every week end and the summer there; and during school we were lucky enough to find a lady to stay nights; and Mother, with help from John and Doris cared for him during the day. We also had a lady stay with Mother, so neither had to go to a nursing home.

John F. CARTER arrived 2 Nov 1918, and Aunt Mary CLELLAND came to help; later Grandma came and stayed 2 months or more. Jan 1919, Mrs. DUNN, (friend of CLELLAND's) gave John F. a little 14K gold ring.

The Flu epidemic in 1918-1919 was bad, causing many deaths.

Apr 16, 1919, Duffy had 32 little chickens, and 12 hens setting on eggs. 14 Feb 1921 Duffy and John F. went to Sorrell on the train, helped butcher 2 days; went again 25-28 Oct to help shingle the cow and colt barns (Blanchard). Sept 2 1922, John F. 3y 10m went with Uncle Jim CLELLAND to the Green City Fair. July 4, 1928 John F. went with Glenn, Maggie, Bob YOUNG, Earl WELLS, Agnes CLELLAND to Green Castle celebration; visited Uncle Harley's 15-22nd; and went home 29 July with his rabbit.

Recordings of the CARTER Generations
by Maude CARTER BENDER, Albany, Mo. 1977

CARTER, Levi and Susanna

Levi was born in Wales in 1736 or 37. Levi and Susanna lived in Tenn; their son, Elijah CARTER, and wife Susanah CASSEL were also from Tenn. Elijah served in the War of 1812. About 1828, the Elijah CARTER family journeyed north-ward into Indiana, where they dwelt for a time; here they became acquainted with Wm. GLENDENNING and wife Martha, who had come from Brown county, Ohio, to Indiana. Then on to Missouri, in the Fall of 1841. They settled on land in Gentry county. They later gave land which is the CARTER cemetery. The first grave was for their daughter, Mary CARTER, born 20 Sept 1835--died 30 Aug 1842. They buried close to their home on ground that had not been cleared of brush for the grave. The little girl was the 14th child of Elijah CARTER; they had one child younger, born also in Indiana, making 15 children, besides rearing five orphans, 3 being grandchildren. Their home was used for a public worship for 12 years. It being the first Methodist preaching place in that part of the country. Elijah rode 50 miles on horseback to secure a preacher. (This was taken from printed copy of the First CARTER-GLENDENNING Reunion, published in the newspaper, Sept 1913.) The meeting place was at the home of Hiram Franklin CARTER, the place his father, Vinson or Vincent settled in 1841. It was also the birthplace of me and my brothers and sister--Duffy, Maude, Claude, Crit, Carrie and Victor. The CARTER-GLENDENNING reunion was attended by about 250 relatives and friends in 1913. All came in horse-drawn vehicles except one, a Dr. Arch LONG (grandson of Hugh and Catherine ROSS), from Denver, Mo. came in an automobile. Photographs were taken by a Mr. Sweatman of Albany, Mo.

On the journey when they dwelt in Indiana and became acquainted with the GLENDENNINGS, many marriages were made (4). My grandfather, Vincent CARTER married Patience GLENDENNING; their daughter Elizabeth Betsy (later MOCK) was born in Ind. and they came to Missouri in the covered wagon. Their second child was Uncle William Glendenning CARTER (Wm. G), who was born in the wagon after they arrived here, and before they had any house. My father Hiram Franklin CARTER was born in 1857. He had 4 sisters and 4 brothers. My father said he could remember his brother when he left to go to war in 1861, that was Wm. G. CARTER, father of Adam H. CARTER (Maude's neighbor to the South).

Frank could also remember his father Vinson, and brothers and sisters hiding in tall grass southwest of our barn; until word brought the Missouri Militia to their defense. Also of some masked men coming to their house, to either kill or hang his father Vinson, who was within the house. The CARTER's were Union men; and the neighbors were southern sympathizers, as were the masked men, who came while his sons were away in the army. Only his wife and the younger children were at home with him. Vincent opened the door to fire the gun, calling the men by name, when son John Lewis, a small lad, had gotten a butcher knife, and got between the door and the firing line. Had Grandpa shot, it would have hit John. Grandpa named one, or else he lifted his mask, and knew him and the others by their voice. Word was taken to the Union State Militia not far away, and Captain Jackson DYE and men camped on ground near the CARTER home. Men were commanded "to comb the country side and shoot any man, with a gun, on sight". One man was seen behind a log with his gun ready. He was shot and killed. My father Frank, was never too friendly towards them as they were neighbors to the North.

The home of my great grandfather Vinson, was used for public worship; later, worship was moved into the school house, which was called the GLENDENNING Class. In 1891, the Methodist built a church, named it Willow Row, as a row of big willow trees running past it and on west. The churchyard had evergreen trees and maple trees, gone now. A large hackberry tree is there now (1977). The churchyard was fenced with a hitch rack outside; also board steps and a board walk to the fence, with steps called a stile leading to a flat top, for to step down into the buggy, or to mount a horse. All are gone now. Usually a hitch rack close by to tie the team.

(Notes from daughter Louise BENDER, May 1979)

The CARTER's, Elijah and Vincent, and Elijah's son-in-law Rev. Little John GLENDENNING plus others were promoters of Methodism in Gentry co. Little John was said to have preached often with a revolver on the pulpit for protection. He died rather young, leaving Nancy CARTER, a widow; (Her homestead was the farm Mildred and Avery OSBORN lived on before she moved to Albany, Mo.)

1900 Frank CARTER's new home was built. Crit Baker, a son-in-law of Vincent's Elizabeth CARTER MOCK, did the carpenter work on the home.

About 1901, our school teacher at Glendenning School (Maude's), Mr. GRACE, said he believed that soon, folks would be using telephones, and neighbors could talk to each other. That really did happen soon. One morning before we left for school our phone was put in on a party line with 7 or 8 other neighbors; and at once they called a stock buyer at New Hampton, Mo. to get the price of hogs. What a convenient use was made of it soon.

I was about 2½ years old when a cyclone came in June 1890. My folks told of it coming from the Southwest towards the house and it turned to the South just before it hit the barn; yet it did take the roof off the top; on the east side, half-way down; and left it top side up east of the barn close-by. I can remember playing on it and looking out through the the roof. The folks immediately began to dig out a place for a cave. I remember climbing down into it on a spade, when the men were eating dinner. It had no drain, sides were of lumber as well as the top. It soon filled with water. Saw horses were set in at the back with a plank to walk back where saw horses had planks laid on them. We could lay down; a neighbor and wife would sometimes come to the cave too. We spent many hours in the cave, even after we grew up. That was a fear we always had of storms; lightning seemed to hit several times close-by. Once it hit the house as we were outside going to the cave. I was walking on a board, with my hand on the side of the house, waiting for my mother to come with the lantern; when a deafening sound and jolt moved me off my board, and sparks fell off my coat over my head. We finally realized what might happen inside the house. After we all got into the cave my Father, Frank, went back in the house--found a big hole in my room upstairs, plaster over the floor, plaster off the pantry wall, right by where I was on the outside. Another time it exploded at the side of a tree close-by. It scorched the leaves on the tree by the house and then once it hit a post in the center of the pond. Later the chimney needed work on it, and found it was damaged when lightning hit the house.

I remember when my father, Frank CARTER, cleared 20 acres of hazel brush off the timber, etc. east and north of the house. It was then fenced with hedge and rails, barb wire replaced it later.

We didn't have any public road past our home and many folks walked through. We couldn't see any lights at night. Neighbors were close but hidden by tree.

My father, Frank CARTER, was born in 1857; he told me he could remember when the barn was built. It was 40 by 50 feet; long-way was north and south; in the center was an oak plank floor, with a ramp at the south entrance. Two doors opened at the south and north ends, each fastened in the center to a big upright square pole. Big loads of hay were brought in to mow on the east side over the horse stalls and in a mow at the south, and higher up on the north. A corn crib was on the west side of the driveway and an oats bin north of the crib. My father always selected his own seed corn, and hung it in rows just below the high haymow. That was before hybrid corn was even heard of.

We had hickory nut and walnut trees. I've seen several sacks (50 lb flour sacks) of shelled nuts. A good place to crack the nuts, was when the barn doors were open with the sun shining in. We children spent many hours playing in the barn. The big beams across the loft were square hand hewed, and large wooden pins holding them. The foundation had great big rocks--3 on the west and east and big ones across the ends. Those rocks must have been 3 feet in diameter. (On the big photo of the barn, it said the rocks were pulled in place by the oxen from the 1841 caravan.)

Wood ashes from the stoves were saved in barrels, which were set on a frame above the ground; hay put in the bottom, then ashes, and barrel on a slope. Early in the spring, water was poured in on the ashes, to leach down and drip in containers, to make wood ash lye. If the lye was strong enough to float an egg, it was O.K.

Butchering was done at home, and all meat rinds and scraps of fat were saved to make into soap. That was an early spring job, as well as to get the cured hams and shoulders out of the boxes or barrels, wipe it off, and hang it up in the smoke house; build a fire under it in an old iron discarded boiler, gather chips from the wood-pile; hickory was the choice, and put something over the flame to make it smoke, which we did for several days.

Another chore was get the worn out clothes, tear into strips; sew them together; wind them into a ball around 1½ lb. Go to someone who had a loom to weave into yards of carpet, ready for housecleaning time. Several folks had picket fences around their yards, and usually a board walk to the front gate--all painted white. I can remember Uncle Wesley MOCK's and Uncle Albert CARTER's had a bench at one side and on one end of the dining table against the wall, to seat the folks. Usually a hitch rack was close by to tie the team. Also several folks kept honey bees. My father kept bees a few years, also Walter, my husband did for a while until a disease destroyed them. He had good luck at first, gave to his folks supers of honey, 24--one lb. each in the comb. Brother, Duffy CARTER, also had honey bees, and wasn't afraid to go to the neighbors to get a swarm to enter the hive; returning later to bring the hive with a new swarm of bees home, usually after dark. Sometimes holding the hive and bees on his lap in the back seat while Elizabeth of John F. drove the car home. Bees are not very plentiful now; too many sprays being used.

Maude 1976-77

Most every farm home had a few fruit trees; later trees were infested with bore-worms. Very few put out trees now, except the commercial orchardist. Walter put out a good variety of apples, and took good care of it when our children were at home. We used to raise sorghum cane; have a barrel of molasses. Later my husband had jugs to keep the molasses in. Salt was in barrels for livestock and cooking also. BENDER's kept sorghum in buckets and jugs. Frank CARTER used a barrel.

The BENDER children usually had lots of apples, strawberries, cherries, pears, and plums to eat. In good peach years, peaches were available to eat off the trees.

Another dreaded job was filling the straw ticks, with new "oat" straw. We would go to the straw stack where the threshing machine had stood; pull out a handful, shake chaff out; poke it in the straw tick, till the tick was full (This was before we had mattresses). No one used springs on beds in early days. I had bedsprings for each bed when I was married. I am using the iron bedstead that Walter had which he bought when he was 21 yrs. old. Also use the Seth Thomas clock that Louise (oldest daughter) laid claim to. I tacked rags for a carpet for our living room beginning in time to have it ready 2nd year after I was married.

On my father's place, Frank CARTER's, we had a well walled with limestone rock. It was wide and a curb around it with a frame over the well with a pulley hung below carrying a chain with a wooden bucket on each end. One bucket hung down into water (it was full), ready to be drawn up as we lowered the other bucket down. I have drawn water from the well, but the chain was hard to grip. My folks put in a pump in 1901. The water was so cool and good. That reminds me of the song "The Old Wooden Bucket".

When Duffy and I started to school we had timber to go through, and a big hill to climb unless we went partly around it; no public road past our house yet, and close to Painter Creek (Panther Creek), which we forded with a team, or went down farther to a public road and a bridge, not too good. My father, Frank CARTER, fixed a foot bridge to cross on; boards were fastened at the ends so high water would float them back to the bank. Soon after, the bridge on the public road was impassible for a team to cross. In 1902 or 1903, brother Duffy drove 1 horse and buggy to school, (younger brothers, Claude and Crit were in school too). When snow melted and the creek was up, we would go home with other scholars for the night.

One day my father with team and buggy came after us at school; back to the creek which he forded to cross over, but the creek had risen by the time he got back, so we got out and followed the creek down to the old rickety bridge. While he sat on the back of the buggy seat and forced the horses into the water which had big pieces of floating ice going past; then he met us after we crossed the old bridge. The horses had their tails tied up in knots. Their white feet were extra clean.

Soon after I quit school, a public road was made past our house, and a good bridge put in and the big bluff cut down across the top; it was quite handy, but later farms changed owners and the road was not kept up. Now the road is grown up in trees; the bridges and culverts are all pulled up. The road is impassible now, even on horseback. This is New Years day 1977. when this was written.

When I was small, my school was the "GLENDENNING". They ran a 5-month term, beginning in Sept. and over in January. And a 3-month summer term, April, May and June. Before I quit school, they ran 8-months all together, (Sept. to early April). Later high schools and town schools were 9 months. Boys would come to my first school until they were grown men. The GLENDENNING School had a big tile cistern. Water ran off the building. I don't think it had any filter; so lots of water was carried in buckets from neighbors wells. As soon as we got in after noon recess, everyone was thirsty. We would take the bucket for water, which we passed along the seated pupils, each had a pint tin cup. Everyone used the same cups. Sanitation was never heard of then.

My father, Frank CARTER dug a pond close to the barn lot. He filled the scraper and dumped them. My mother drove either one horse or a team. Sometime later when the pond froze enough, usually the coldest day in January, father and a neighbor would saw ice into blocks, and slide them onto a sled; haul it to a lean-to on the north side of the smokehouse. Rails were on the bottom; a layer of ice, water poured over it, which would be frozen by time the next load came; several layers same way, and sawdust tramped at sides with lots on top. We with visitors did enjoy ice cream. And we were not to play in the pond, so none of my brothers learned to swim. They did skate on the pond.

Before 1900 peddlers came to our house by coming through neighbors fields etc. One drove a horse and had some king of conveyance to carry his wares in. One Irish man came late in the evening; he stayed all night; soon after breakfast, before we left for school he opened his bundle to sell and also pay for his lodging. That was such an interesting sight; usually they had lace, suspenders, red bandana handkerchiefs, safety pins, Irish linen, pretty chenille stand table covers with fringe around it. Later in early 1900, many peddlers were called Dagos. They usually walked and carried their

by Maude 1977

heavy packs. One often made trips by our home, came from around Jerusalem; and one time had 3 more men along, arriving at dark. One was his brother for the first time learning the trade. All four stayed over night with my folks. When they put their 4 heavy packs down the room sounded muffled. They had quite a time to cross the creek. As they moved on, one who was staying somewhere north of Bethany, fell in love with the young lady there; but she wasn't so impressed; and he shot and killed himself. I think it was one of the 4 who stayed at our house. He was a very handsome fellow. Those fellows lived close to "Jerusalem".

When the public road and bridge across Painter Creek were made, trees were cut, stumps dynamited out, and a deep cut across the bluff, made a convenient road for some time. Men used to work out their poll tax by putting their teams to roadgraders. Each township had an overseer, and he usually had better roads than we who were not so lucky.

There was a small town with a Post Office named Gara. Later it was called Siloam. There was a spring there called "Siloam Springs". I can remember folks talking about the Big Sanatorium that was noted for its curative healing. A family lived there who were "hard run" as folks used to say, who had a boy around 9 years of age. My father, Frank CARTER, was not married then, but ask his folks to let him come stay with him. He lived there until around 17 years old, to get to go to school. His name was Henry Clay BULGER. Siloam was probably $3\frac{1}{2}$ miles northeast of the CARTER place. He used to come back to my folks occasionally. In late as 1920, Henry BULGER and family lived close to us, Walter BENDER's. Once Walter and I were coming home from a trip to Oklahoma; as we crossed over into Missouri we saw a road sign on the left, directing west to CARTERSVILLE, Mo. We found Henry BULGER's home, visited a little while; he was almost deaf, but he could read our messages.

The water from the Siloam Springs was carried in jugs to New Hampton, Mo. by Eldon FRYE, just a few years back. Elmer EDSON and wife lived in a part of the Sanatorium, until about 8 years ago. (1968). They are dead now; the house has gone to ruin if still there. The towns of Gara and Lone Star once were Post Offices, gone now.

The first settlers had settled by streams and timber, as many of the GLENDENNING's and CARTER's had. They were close together and most had large families. No GLENDENNING's I know of now, except a distant relative (Victor) in Bethany who has a furniture store. Very few CARTER's here also. (Philander Mo. was a Post Office 8 June 1858 to 7 Nov 1873)

Martinsville is yet keeping up. I remember when they had a Dr. who served the community for a long time, even before 1900. Also New Hampton had Dr. Willey, Dr. Poppelwell; Dr. Eads was there in 1912, then Dr. Chipp, Dr. Wilson, Dr. Forbis; and Dr. Grun, he being an Osteopath was the last Dr. there. All others were medical. They went by horse and buggy, until around 1920. They called on the patients. I remember they sometimes visited a short time with the family. They didn't charge you for an office call. Dr. Wilson mixed his own medicine and a trip to the home didn't cost as much as an office call today. No Doctors at either town now.

I once had to nurse Elaine through a lobar pneumonia spell, that had to run its course, when she was around 4 years old. I had no experience caring for sickness. I felt I wanted a lady who did go and nurse in homes, but Dr. WILSON objected, said if I would follow his instructions I could do the nursing. She went the full time till the fever broke, and recovered.

On Dec 27, 1897, a cold dreary day which was my 10th birthday; it seemed like a Sunday. My father went to the barn, and pretty soon came back for me to try on a ring he had hammered out of a dime. When it was the size he wanted, he did something to smooth and shine it. He gave it to me and said "Now I want you to keep it until you are 80 years old". Now, I am 89 years and yet have it. I wore it for quite sometime. Later he bought a narrow gold ring for me. I gave it to Julie Dale MESSNER, my great granddaughter, she being named after her great grand-mother. Before school was out spring 1977, Julia wore the ring to physical education class and was customary to give the ring to the instructor for the class, to care for during the class; but the teacher had a high school girl stand in for her. The girl put the ring in a shirt pocket and when Julia asked for it, no ring could be found. A search was made and no ring was found. (A 14 karat gold band. Louise wore it some when she was young.)

When I married Walter BENDER 29 Mar 1911, I moved close to New Hampton, Harrison county, Mo. We were on the main road to Hatfield, Washington Center and Martinsville, Mo. The Chicago, Burlington and Quincy "C B & Q" railroad station at New Hampton was the livestock shipping center for all north and a stock yards ran through town. On busy days wagons were lined up on every road coming in, for a chance to unload. It was such until trucks got into hauling to St. Joseph, Mo. Soon after I married we yet had people drive big droves of cattle to market. One time a livestock farmer from Washington Center got as far as our place with his cattle. He put them in the lot for the night, and he and his helpers stayed all night with us. Another time Charley CARTER (Adam's brother) was driving hogs to New Hampton; they got as far as our place at noon (he lived north of Martinsville); he sent one helper on ahead to ask me to fix some dinner for the three of them. It was the day after Thanksgiving, and I had some food real

Maude 1977

handy; so they ate with me. Many loads of supplies were hauled past our place going to Martinsville, and Washington Center.

All things have changed only one train goes through now and no special time. The depot has been taken away. The most, shipment of lumber was about all that kept being unloaded there, but the lumber yard closed and now the railroad right-of-way is filled with large upright tanks of liquid fertilizer and brush killer or something of that sort; making it very dangerous and unsightly. But a new building with restaurant, grocery store, etc. of the latest style now occupies a lot that stood idle since 1961, where a fire had burned out a grocery, dry goods and a small funeral home, and the Dr. GRUN's office in New Hampton, Mo.

Three low-housing buildings have gone up north of the railroad tracks, the summer of 1977, to be low rent apartments for elderly renters. This is on the former DUNCAN's lot.

Progress has given us many conveniences. But? We are at the point where we have to use our heating fuel, in compliance to somebody who tells us how to save it. Although wood used to be used, and no one said "don't keep your house so hot". And now don't burn anything outside. It will contaminate our fresh air, if we do. But, oh, how I do despise tobacco, cigarette fumes, etc. Our hard wood trees, like oak, and such, are hauled off to a stave mill and stacked up in rows by the acre. To later go to a barrel factory to store booze in. Nobody is replacing these trees, also bulldozers are pushing them off to a ditch, to make a good den for coyotes and wolves, and now no farmer can raise poultry; and lambs and young calves are in danger too.

Once a long time ago a few people put out cedar trees for their pretty looks, and as birds carry the seed to fences and on ground that is by now devoid of timber trees. I see some pastures are ruined by cedar trees. Livestock don't care too much for them. I expect before the next 100 years, our landscape will be covered by anything that can find a good footing to be put upright and wired by some kind of a fenced-in sign "Keep out". Our freedom is little by little being taken away from us.

(Notes by Louise BENDER) VLB

We think one page of Mamma's memories got lost when the zerox machine got plugged up while running papers through it. She had written about visiting her Aunt Elizabeth "Betsy CARTER MOCK" and Uncle Wesley MOCK when a small girl probably under 10 years of age. When an elderly white haired man from Iowa was wintering in their home, he owned a team of long horned white faced oxen and a cart, for traveling. He said his name was JESSUP; Very little was known about him. He seemed to be somewhat of a puzzle to Uncle Wesley, who wondered if he was a detective on some sort of mission in their part of the country. Betsy's grandson Marlin MOCK, wrote an article for the Harrison County Bi-Centennial History of Harrison County and mentioned this fellow and free board in his grandpa's home.

by Maude BENDER Feb 22, 1977 ADDED MEMORIES

A later report which was called to mind last night. My papers were all ready to send, and I re-read them. It came to mind that I hadn't written of the moves we had made. We moved, from the home where all of my children were born and reared, in 1943, to the DENNY farm. Eunice married Louis MILLER and was living close to us when we moved. Elaine married Walter BROWN and lived at Hannibal, Missouri. The war was going on--"World War II", Herman was stationed in Florida, as a navigation instructor of flying in the Navy. Randall was in Colorado, working as a farm hand.

Feb 1944, we moved from the DENNY place which was close to Willow Row church, to another farm southeast of Albany, Missouri, where we stayed until 1951 (May), as Walter's health was not too good then. We had a big house there. Walter BROWN and Elaine came, he had his call to the military service in WW II, so Elaine, Barbara and baby Marian, stayed until he was out of service. Herman then brought his wife, Delores and baby Maria, and helped farm one summer. Then he went to the University of Missouri, at Columbia, Mo. to finish his schooling.

Back in 1943 Mildred was married and living northeast of Albany, Mo. Randall had been exempted as a farm-hand for Mr. Perry POMEROY, a rancher and dairy farmer, at Merino, Colorado. Randall had some trouble with boils, until his work there was not much help. He quit Mr. POMEROY, came home and reported at Bethany, Missouri, for service in World War II. He was sent overseas, in the army of Engineers, in Germany 18 months (for a time after Armistice) and till he was released; then he came to our place and helped farm with his dad. Delores and baby, Maria, were with us while Herman finished school at Columbia. Herman came back, soon found work and moved to Savannah, Mo. as assistant County Agent. Later Co. Agent, Platte Co. (1st county Agent); then later A.S.C.S. office. Herman was also in New York Life Insurance in Platte Co. for a while.

Randall BENDER, while in Germany, met cousin, John F. CARTER, 24 May 1945 for a day. Randall also met Eldon Kariker in Germany.

Maude 1977 (Additions)

While we lived on the Chenowith Farm, Randall married Marjorie POMEROY, 14 Dec 1947, at Sterling, Colorado. He and wife lived upstairs in the apartment that Elaine and the two children had used; then Herman, wife Delores, and Maria lived there. Randall and Marjorie were living upstairs when their first child, Debra, was born on 7 Nov 1949. Randall and Walter farmed the Chenowith farm land. Walter bought 80 acres north of the road, that he and Herman farmed with horses; but Walter bought an Allis Chalmers tractor, while he and Randall farmed together. Louise and Walter still had pure bred sheep; Louise and Walter bought out the boys Shropshire sheep when they went into military service; and she and Walter did all the farming and caring for the sheep, and Louise registered them--during World War II, and from 1943 to 1951, when the sheep were sold, most of them sold during the winter of 1950, except a few rams in preparation of Walter giving up farm activities due to health problems.

Walter's health was not good; we bought a home in New Hampton, Mo., of 10 acres, raised a few chickens, pigs, had a good milk cow and then sold the rams after moving to town. We lived there 10 years, May 1951 (Maude, Walter and Louise) until Walter's death in 1961.

We celebrated our golden wedding on March 29, 1961, by making a trip by railroad, to Elaine's in Phoenix, Arizona, and on to Colorado. The trip was a gift from Elaine and Walter BROWN, our daughter and son-in-law. We arrived in Colorado, near anniversary date so Margie and Randall with the help of Margie's sister, Lorene DAVIS and her brother, Tommy POMEROY and wife, Mary, who were our host, as they held it in their home. Thinking we were only going to Tommy POMEROY's just for an evening visit. We were quite surprised to find Margie's relatives assembled--wedding cake and all. Only 6 months after celebrating our anniversary Walter passed away suddenly with a heart attack.

After Walter's death, Louise and I stayed on the 10 acre farm until 1969. She milked the cow and we sold whole milk on a milk route; that bought groceries, and feed for the chickens and cow. Land was leased out that could be cultivated but it became quite difficult to get hay and the crop cared for on such a small acreage. We also had fruit and a good garden each year.

Sept 1969, we held a sale of surplus equipment after having sold the farm, and bought a 2 bedroom home in southeast Albany, Mo., moving Sept 12-13. Louise found work in a nursing home "The Colonial Manor" in Albany and began work 1st day of Nov 1969--and worked there until the last day of Sept 1976. Because extra work had been added to her schedule --going in each morning; home at noon; and back in p.m. until night; it was too much work, making it needful to quit. She was asked to stay on and work the new schedule, but she quit of her own will. Her former work had afternoon shift only. Next to the last manager Louise had, allowed her a few days off with pay in June 1976, to fly to Elaine's for 10 days; on a ticket Elaine and Walter gave her.

WEDDING

New Hampton Herald, April 6, 1911 Supplement Col. 2 Missouri

A very pleasant home wedding occurred Wednesday evening, March 29, 1911, at 6 O'clock, at the home of Mr. Frank CARTER, near Willow Row, when their daughter Miss Maude, was united in marriage with Mr. Walter BENDER. Rev. F. D. BIBBER, of Willow Row officiating. After the ceremony that made them man and wife, congratulations were offered by the relatives and friends present. The party then entered the dining room, where a three course luncheon was served.

The bride was dressed in white.

Mr. and Mrs. BENDER are favorite young people of this vicinity, and their many friends wish for them a prosperous and happy future. They will reside on a farm in the Walnut Grove dist, near New Hampton, Mo. where they expect to be at home to their friends after this week.

A number of useful and beautiful presents were received.

Those present were: Mr. and Mrs. Riley CARTER and family; Mr. and Mrs. Alford STEWART; Mr. and Mrs. Harry WATTS and family; Mr. and Mrs. John GUESS and family; Mr. and Mrs. John BENDER; Rev. BIBBER and wife and daughters, Jennie and Ruth; Mr. and Mrs. Frank CARTER and family; Mr. and Mrs. Walter BENDER; Mrs. Martha CLELLAND; Miss Mattie and Mr. Robert CLELLAND; Miss Stella BENDER and Mr. Dale CARTER.

On Thursday the immediate families of Mr. and Mrs. Walter BENDER were entertained at dinner by his parents at their home near New Hampton, Mo.

Memories by Maude CARTER BENDER

During the Civil War, Samuel STEWART, son Alford, served in the Militia; the STEWART family went to Iowa, for the duration. Son Albert, died of pneumonia during the Civil War, 1864 at Warrensburg, Mo.

Things I remember about my Grandpap STEWART and grandmother. My mother (Ada Viola) was the daughter of Samuel STEWART and Mary CUMMINS STEWART. (From Henry co. Ind) they first settled in Harrison co, near Martinsville; later bought a farm in Gentry co. Mo. Mary STEWART died Mar 18, 1906. Samuel STEWART died Dec 13, 1911. Both are buried in the CARTER cemetery.

Samuel and Mary STEWART lived $1\frac{1}{2}$ miles southeast of my home (Frank CARTER's) on a farm. To visit we went through timber. I can remember how his big gate was swung by hickory hinges, and the unusual squeak it made; also of the home-made tweezers of hickory. He used to remove the wild hairs from his eye lids. He had a heavy head of pure white hair, and he always got a straddle of his chair, rested his head on the back, and with face down had us to comb his hair.

Grandmother STEWART would usually bake a soda cake, with nutmeg flavoring, in a tin cake pan with scallops, sort of like a bundt cake, only shallower and more flared out. Sometimes she would have maple sugar.

They left the farm and moved to New Hampton, Mo., close-by in the spring of 1900. They gave some things away before they moved. Grandmother's spinning wheel to a grandson Sam STEWART; her big side-saddle to me. I rode it a few times; once when roads were muddy. I had a long black riding skirt over my good clothes. Grandmother pieced and gave me a quilt. She bought calico, red and white; no scraps were put into it.

Grandpap STEWART always was very particular with his hoes and spade, etc.; after he got to town someone came to borrow either a hoe or spade or shovel. He loaned it, but when it was brought back, Grandpap looked at it and said "Take it back, that's not mine". It was rusty. The fellow did, and bought a new one in place of the borrowed one.

No girl would ride astride then; and girls in school playing ball had to wear a short skirt over the bloomers. College girls were required too, as late as 1908 or around that time. My fancy parlor lamp (I own) was bought by my father, Hiram Franklin CARTER, for Grandpap to use after they got to town in the spring of 1900. Father bought it at Uncle Nathan STEVENSON's store (Alice STEWART's husband). It cost \$3.00 or \$3.50. He brought it to them but Grandpap said take it home, or I'll give it to Maude, so it sits here in good condition. I've never given it to anyone as I remember. I do forget somethings.

Notes from Louise BENDER, May 1979.

School houses, one the GLENDENNING school, became a meeting place for worship, prayer meetings and class meetings; that was a combination of prayer and testimony; volunteered, given by members led by a class leader. Samuel STEWART was a song leader having such a high range of voice; lady sopranos had difficulty reaching high notes when he sang as leader. Uncle Alford STEWART led class meetings at Willow Row during Sunday morning services, as we sometimes had no regular minister, maybe one or two Sunday's per month. I can just hear his deep voice yet saying "Next" when he asked for another testimony.

Big meetings were called Camp meetings or "Brush Arbor Meetings" We would call them revival meetings now.

CLELLAND's. Methodism was well established in north Missouri and Gentry county, before CLELLAND's arrived from Scotland in 1868. (They were at Bancroft, Mo. 1866-67); but a few church houses had been built in rural areas before their arrival. When William CLELLAND was on his death bed, Feb 1890, he visioned a community Methodist Church and directed this vision to be carried out by his widow Martha (CARTER) and elder brother, James CLELLAND. James gave an Acre of land for Willow Row Church Sept 1891. William wanted a church for his children. A provision was made that when the church and land cease as church worship, it be used as some community service. One builder, Crit C. BAKER got \$1.50 per day plus bed and board; Sam L. CRANE, sawed native lumber from CLELLAND's timber to the northwest. Others received \$1.25 per day and boarded themselves. In 1906, or 1916, CLELLAND's gave another 9A of land for a parsonage, etc. Each time contributions were given in money and work service by community members and others plus CLELLAND's to promote the building project. Now it is a Youth Center. (The last Homecoming was the summer of 1990) I, Maude BENDER, have Cousin Robbie CLELLAND's history part of the building of Willow Row church.

Highland County, Ohio Court House

Among the first lands surveyed in the Virginia Military District of the Northwest Territory, was the area now known as Highland County. This survey was made by Simon Kenton in 1791.

The merits of the Northwest Territory rapidly spread and incited immigration from many of the old states. Highland County was created in 1805 from Ross County when the county seat was established at Hillsboro, Ohio.

Highland County became a focal point for hundreds of pioneer families — some of whom later moved to the West after leaving an early trail of genealogical information in this county.

Highland County Ohio has the distinction of being one of the counties — if not the only county in southern Ohio with their vital records in print. This was due to the foresight and tremendous effort of Attorney and Mrs. David N. McBride. All four of the original volumes by the McBrides will be reprinted by The Southern Ohio Genealogical Society. Compatible binding will be used for all four volumes.

The first volume to be reprinted contains the Wills, Administrations, Guardianships and Adoptions of the County from its beginning in 1805 until 1860 — among the earliest records in Ohio.

Hopkins, Mo. Brothers
Obituary.

Died, Wednesday, Oct. 14, 1891, at the residence of his son, A. V. Stewart, in Hopkins, Peter V. Stewart, aged 80 years, 2 months and 14 days.

Peter V. Stewart was born in Highland county, Ohio, July 30, 1811, and when 17 years of age accompanied his parents to Henry county, Ind., where he resided until he married Lucinda Vanmater in 1838, when they moved to Scott county, Indiana, thence to Edgar county, Illinois, and thence to Warren county of the same state. From there he went to Story county, Iowa, and then to Harrison county, Missouri, where he remained until his removal to Clark county, Iowa. In 1875 he came to Hopkins. He has given his attention to agricultural pursuits through life. In 1875 his wife died, and since that time he has retired from active life and has made his home with his sons, A. V. Stewart of Hopkins and Luther Stewart of Holton, Kan. He came from Holton the first of July to spend a few months with his son in Hopkins. About the first of September he was taken sick and since that time has grown worse until death relieved his sufferings.

The deceased has been a consistent member of the Christian church for many years. During his last illness his sufferings have been intense and of long duration, but they were borne with patience and Christian fortitude.

The funeral services were held last evening at the residence of A. V. Stewart and the remains shipped on the 9:45 p. m. train to Osceola, Iowa, for interment.

ed its principles. He has only missed twice voting for president, in 1848 and 1856; both times he was on the move, and could not vote.

In 1854 Mr. Stewart was converted and united with the Methodist Episcopal church, and 30 years of that time was a class leader faithfully discharging the duties devolving upon him.

In addition to the loss of seven children, a greater sorrow came to Mr. Stewart, when on the 18th day of March, 1906, God called the companion of his life to her long reward.

Death of Nonagenarian.
1911

Samuel Stewart, aged 92 years, died at his home in New Hampton, on Wednesday morning, December 13th. He was one of the oldest citizens of this vicinity, and had been a resident of Gentry county since 1861, until his removal to New Hampton a few years ago. Funeral services were held Thursday at the M. E. church in New Hampton, conducted by Rev. A. Reid, and assisted by Rev. W. D. Carter, of King City, J. D. Bennett, of Bethany, and F. D. Beiber, of New Hampton. The body was buried at the Carter cemetery beside the grave of his wife who died in 1906.

The following is a sketch of the life of this worthy old veteran:

Deceased was born July 4, 1819, in Highland county, Ohio. When he was nine years of age he moved with his parents to Henry county, Indiana. He lived in various parts of the state until the fall of 1856, when he started west and located in Harrison county, Mo., settling on a farm about four miles northeast of Martinsville, Mo.

In the year 1861, Mr. Stewart moved to a farm in Gentry county, Mo., where he resided until the year 1900, when he retired from farming and took up his residence in New Hampton.

While residing in Henry county Indiana, Mr. Stewart met, wooed and won Miss Mary Cummins for his life companion. The marriage took place in that county, February 18, 1844. To this union thirteen children were born, only six of whom are living; Alfred and Allen Stewart, of Gentry county, and Arthur Stewart, of New Hampton; Mrs. Alice Stevenson, of Hamilton, Kansas, and Mrs. Ada Carter, of Gentry county, Mo. *Martha Carter*

In the year 1862, Mr. Stewart heard the call of his country, and enlisted in Co. E., First Mo. Vol. Inf., and remained a true soldier for Uncle Sam until he received his discharge in 1865.

In politics Mr. Stewart allied himself with the Whig party and cast his first vote for William Henry Harrison for president in 1840. When the Republican party came into existence he espoused

OBITUARY. 1906

Mar 18
"Life's fitful fever over,
She sleeps well."

Mary A. Cummins was born in Monroe County, Virginia, May 27, 1824; moved to Henry County Indiana when a small child, where on February 18th, 1884 she was married to Samuel Stewart, who survives her.

They continued to reside in Indiana for a number of years when they concluded to move westward and in 1856 they came to Harrison County, Mo. And after a short residence there, they moved to Gentry County Missouri, which they made their home, until a few years since when they gave up active work, and took up their residence in New Hampton, Missouri, to rest and enjoy the fruits of their labors of earlier years.

Sister Stewart was the mother of fourteen children. Eight of said number having preceded her to the world beyond.

The surviving children are Alfred Stewart, Arthur Stewart, Allen Stewart, Martha Carter, Alice Stevenson and Ada V. Carter.

Sister Stewart was converted when about twenty-nine years of age, and has been a faithful Christian and a devoted member of the Methodist Episcopal Church, always attending the appointed means of grace, until of late years when she was unable to participate in the active work of the Church. But she never lost faith in God. And on March 18th 1906 after a waiting of about five months she fell asleep in Jesus, there to rest until the great resurrection morn when she will awake in the Celestial City where pain and death can never come.

Old age was the cause of her taking away. By reason of strength she was granted more than four score years, then the wheels of life began to turn slower and slower and finally stopped, no pain or suffering accompanying the dissolution. Her end was peace. Asleep in Jesus.

Dear Cousin (A.V. or Absalom V--son of Peter VanMetre STEWART)

I was glad to get your letter of Dec 26, and would have answered before this, if I had been well. I was in much pain from about Christmas until last week. I am feeling fairly well now. I also received the "Enid (Okla) Events of Dec 3d. As a write-up it was surely a success; especially as to the complete information as to all the little towns in the County. The Indianapolis Star" (Ind.) which I take of carrier at 15 cents per week, had one about twice as large, on Jan 3, in a review of the business of that city for the past year. Not long ago I got one of 150 pages from Phoenix, Arizona, in a write-up of the entire state. I never get much out of these huge editions, because it takes too much time to find what is most interesting. I am preserving yours and when I have time to spare, I will examine it again.

I got a letter this morning from David STEWART (a cousin, and son of Joseph) He is spending this winter at his home in Muncie. I believe I told you that he is the only first degree cousin I have left in this state; neither my wife nor I have and living relatives but cousins, and their descendants, except that my wife has one nephew and one niece, with a few children. As to relatives we are poor indeed. This is why I asked you if you could give any information about Uncle John's and Uncle Sam's (STEWART) families. I was asking Dave about his brother and sisters is what brought the letter I received this morning. As I cannot therefore discourse of relatives and their of spring, let me turn to ancestors for the remainder of this letter. Of these, I know nothing back of our grandparents. Grandfather William STEWART was born in Kentucky Jan 28, 1783. He removed to Highland co. Ohio about 1820. (Error: Only STEWART on Highland co. Ohio tax rolls 1805; 1808-09; and married 17 Nov 1808 in Highland co. Ohio; 1820 Census: 1 son over 10 yr; 3 son: under 10 yrs; and 2 daughters under 10 yrs; William was a tax collector in Highland co. Ohio). I cannot give the exact date. Uncle Sam was born in ~~Kentucky~~ (no, Ohio) in 1819; and my father (Lewis) who was the next younger son, was born in Ohio in 1822, on Oct 16. I cannot give the date of his removal to Indiana; but I think it was about 1828 or soon after that. I now have the parchment deed for the land he entered in Henry County, Ind., signed by Andrew Jackson, President of the United States. (Grandfather Wm) He was buried on this land, and I never knew the location of his burial place until 18 or 20 years ago. When I first saw it, the fence was gone from around the grave yard, and the graves were trodden down by the domestic animals, for it was on a hill, in a permanent pasture field. The farm stock had also thrown down and broken in pieces the tombstones, which were thin marble slabs. I think it was in this condition for about 20 years. A few years ago Dr. Fattic of this city, and I thought we would reclaim the old grave yard. First we had to buy the land from the owner of the farm, which we did, and had it deeded to the township. Then we put around it a substantial wire fence; but the graves of our grand parents were marked only by the fragments of the tombstones and their bases. Last fall I ordered a substantial Barre Granite Monument put up. It was erected on the 5th day of Oct. 1925. After this was all done and paid for David W. (STEWART--Joseph's son) generously volunteered to go halves with me on the expense and I received his check for his half in the letter I got this morning. Some of the cousins children took some Kodak pictures of the monument a short time ago, and I am sending one here with enclosed. . They made a special effort to make the lettering show well in the picture, and the angle at which it was taken, the monument seems to lean, but it does not.

I received grandfather's (Wm) military history from Uncle Sam a year or two before he died. (War of 1812-14), and I still have the letter. He thought it was in the whole period of that war; That he enlisted early and served out one period of enlistment, and then took the place of a drafted man for the remainder of the War. I have had his service recognized on this monument.

I remember getting one or more letters from Luther (STEWART--bro. of A.V.) while I was in the army; and I understood that you and Luther ~~were~~ both in the Army at the same time, but I have forgotten the regiment in which you were serving. When you write again, I wish you would give me the regiment and company in which you served. I have been much interested lately in the survivors of the Civil War. A short time ago, I received from the Commissioner of Pensions a list--names and addresses of all survivors of my regiment, on Oct 14, 1925. There were then only four of my company left.

But I must close for this time. Let me hear from you again.

Yours Sincerely
Jonas STEWART

(Written on his letterhead paper, with ink.)

Anderson, Ind.

It has been sometime since I received your last letter while you was visiting at your daughters. I was glad to know that you was feeling better and could move about better, and that you had such a pleasant visit. In this letter you tell me that you think none of Uncle Sam's children are living, but I want to tell you right now that I have found several of them. Mrs. GROOMER (dau. of Margaret SWOPE) wrote me to write to Mrs. A. B. CARTER of New Hampton, Mo. and she told me a whole regiment of relatives mostly in Harrison and Gentry Counties, Mo. Mrs. CARTER is Uncle Sam's oldest daughter (Martha). Both she and his youngest daughter (Ada) live in New Hampton. Two of his sons, also the oldest and the youngest live in Albany, Mo. The oldest is Alfred and the youngest is Allen. I received a letter from Alfred this morning. He sent me his picture. He is 82 years of age.

The second son Albert died in the Civil War, Arthur died in 1923, and Alice the middle daughter married a man named Stevenson and died in 1915. The Eldest daughter Martha married A. B. (B.A.) CARTER, and Ada Viola married Hiram P. CARTER (bro). They both sent me full lists of their children, and also a list of Arthur's children with names and dates of birth. And this is the number of their children, Alfred has 4, Allen 3, Arthur 7, Martha 7, Ada Viola 6, all living. Twenty seven of Uncle Sam's grandchildren. You see they can still have quite a family reunion. I got a letter this morning at the same time that I got Alfred's, from one of the grandchildren to whom I had not written, but who had evidently heard of me from some of the others. She is Mrs. Lena STEWART Cox (Arthur's) and lives at 1018 Platte St. Colorado Springs, Colo. Now if I do not answer your letters promptly, You will know that I have so many correspondents, that I am kept busy. And I am not well myself. I have received letters recently from two of our Uncle Joseph's daughters: Mrs. Mattie Perry of Worthville, Kty., and Mrs. J. H. Armstrong, of Slater, Mo., and another one Mrs. Mary J. Callaway of Peoria, Ill., has sent me word that I must write to her. So you see I am going to be kept busy. I think five are still living of the children of Aunt Mary Swope; these with three of Aunt Margaret's make, with you and I, 19 full cousins, all grandchildren of William Stewart. He did not come from Scotland, but was born in Kentucky. It was his father who came across the water about the time of the Revolutionary War or immediately after, for Grandfather was born in Kentucky, the year the Treaty of Peace following that war was signed. Do you remember ever hearing your father say what State he was born in? Some were born in Kty (Error) but most of them in Highland co. Ohio (Yes). Aunt Margaret and the youngest dau. Evaline, who did not live to grow-up were born in Henry County, Ind. near where grandfather was buried. So much for family history.

I find from this correspondence, that you and Luther, Uncle Sam, and I was in the service in the Civil War almost exactly the same period of time;--from the summer of 1862 to the end of the War. I came home the first of June 1865. My brother Henry was in the same company with me, but was killed in action at Mt. Jackson, Va. on the 22 of Nov 1864, having served about 2 years, and 3 months.

My health is still poor. I have not been out of the house but two or three times since January and then only for a short time. Yours respectfully

Jonas Stewart

p426 **JONAS STEWART, M. D.** Now one of the oldest members of the medical profession in Madison county, and prominently known to the *p425* medical fraternity throughout the state, having served some years ago as the first president of the Indiana State Medical Association, after it was reorganized and changed from the old title of Medical Society. Dr. Stewart has been identified by residence and by business and professional activities in Anderson since 1870.

Jonas Stewart is a native of Indiana, having been born in Delaware county, January 26, 1843, a son of Lewis and Mary (Crampton) Stewart. The father, who was a son of William Stewart, a native of Kentucky, was born in Highland county, Ohio. The grandfather had ~~first~~ moved his home from Kentucky to Ohio, where he was numbered among the earlier settlers of Highland county. Lewis Stewart attained his education in an old log school house, peculiar to his time, and with such equipment as he could obtain from this primitive school he secured a teacher's certificate or license, and was engaged in teaching for some years during the early part of his career. He married Mary Crampton, who was born in Maryland, and became a resident of Ohio during childhood, her parents also being among the early settlers of Ohio, in Miami county. She died in 1887 in the sixty-eighth year of her life.

Dr. Stewart spent his boyhood on a farm, and attended the public schools in Delaware county, Indiana. He later attended school at Troy, Ohio, and in 1862 he entered the Northwestern Christian University at Indianapolis. He enlisted as a private in the Union army, going into the service on August 28, 1862, in Company E of the Forty-fourth Ohio Volunteer Infantry, the regiment being commanded by Col. Samuel A. Gilbert. The regiment was sent into Kentucky, and later to Tennessee, and he saw a good deal of service in the mountains of Kentucky and Tennessee, after which he was transferred with his regiment to Virginia. After nearly three years of soldiering he received his honorable discharge on May 30, 1865, and then returned to college at Indianapolis. He spent one year in study there, then taught school for a while and in this way gradually prepared himself for a professional life. He finally matriculated in the University of Michigan at Ann Arbor, where he pursued his studies for some time, and later went to the Long Island Hospital Medical College at Brooklyn, New York, where he was graduated with the degree of M. D. on June 30, 1870. Dr. Stewart at once came to Anderson and opened his office, beginning general practice in August of the same year. He has enjoyed success and distinction in his profession, and during the last two years has given up any attempt to extend his practice and now confines his attention to attendance in professional capacities upon his old patrons, many of whom he has cared for for more than a generation.

In business and financial circles at Anderson, Dr. Stewart is recognized as one of the very successful men. He has for a number of years held the position of vice-president of the Anderson Loan Association, and he is also a stockholder in the National Exchange Bank at Anderson and of the Anderson Trust Company. The doctor owns an excellent farm of one hundred and twenty acres in Madison county.

Dr. Stewart is a member of the Madison County Medical Society, the Indiana State Medical Association, of which he was the first president after its reorganization, serving in his official capacity in the year 1904, and he was vice-president of the State Medical Society, in 1897, prior to its reorganization under its present name, the Indiana State Medical Association.

Dr. Stewart has contributed data concerning the physicians of Madison county to the Medical History of Indiana, edited by Dr. G. W. H. Kemper, and he is also associate editor on the subject of the medical profession for this present history of Madison county. He retains his association with old army comrades through his membership in Major May Post No. 244, G. A. R. *427*

Dr. Stewart was married on September 4, 1870, to Miss Mahala Brandon of Middletown, Henry county, Indiana, a daughter of Greenup Brandon, one of the first settlers of Delaware county, Indiana. He and his wife have been members of the Central Christian Church in Anderson for forty-three years, and are among the staunchest and most reliable members of that body. The handsome family residence is located at 1015 Delaware street.

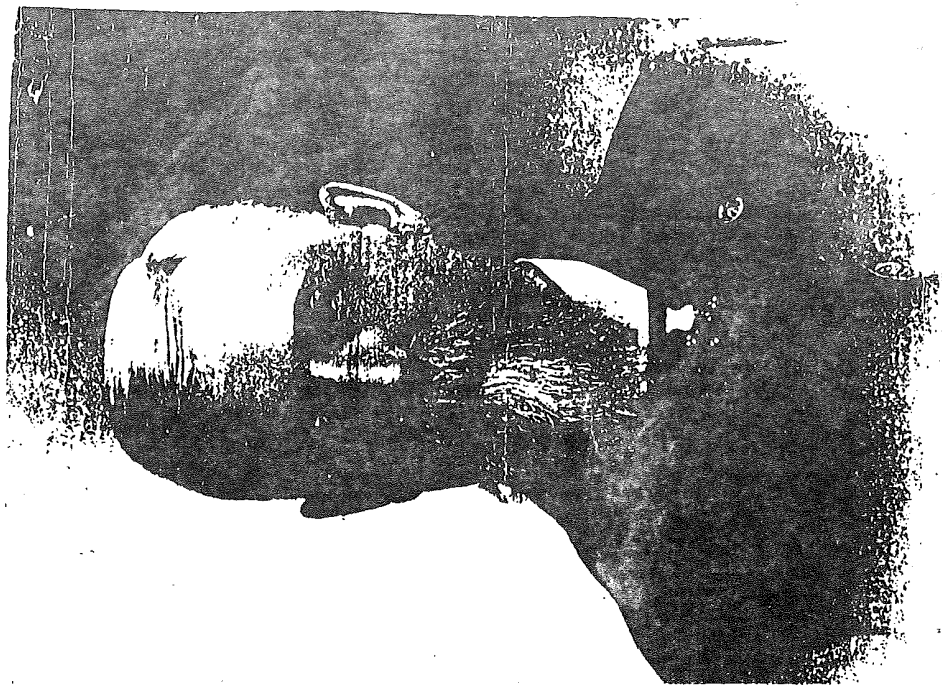

attended the common schools. He attended the Northwestern Christian University, now Butler University, at Indianapolis, two years. In 1862 he and his brother went east on a visit, and it was while absent that both entered the army. Soon after, being mustered in at Springfield, the Fourty-fourth was sent south and began skirmishing in Kentucky. In the fall of 1862 Dr. Stewart was attacked with typhoid fever, and after recovering was put on detached duty at Lexington and Camp Nelson as clerk in the ordnance department. Just before the siege of Knoxville, Tenn., he rejoined his regiment and participated in the siege. In April, 1866, he was in the expedition to Lynchburg, and was of the rear guard in the battle of Liberty on the retreat, at which time the regiment lost eighty men in killed and wounded. He was in the two battles at Beverly and served until the war closed, and was mustered out at Clarksburg, Va., on the 30th of May, 1865. On returning home he re-entered the Northwestern University and remained one year.

In 1866 he began the study of medicine, and studied under Dr. R. Griffith, of Middletown. In 1867 he entered the medical department of the Michigan University. After attending one term he returned home and engaged in teaching school in order to obtain money with which to pursue his studies. In 1870 he entered Long Island College Hospital, Brooklyn, and graduated with the degree of M. D. On the 23d of August, 1870, he located in Anderson, and entered into the practice of medicine, in which he has engaged ever since alone, excepting one year of partnership with Dr. C. S. Burr, now of Chicago.

Dr. Stewart has been a member of the City Council one term. On the 17th of April, 1889, he was appointed a member of the Examining Board of Pensions by President Harrison, and during the time has served as Secretary of the Board. He is the examining surgeon for eight leading life insurance companies. His social connections are with the Madison County Medical Society, American Medical Association, Indiana State Medical Society, and Knights of Honor. He is a charter member of Major May Post, G. A. R., an Elder in the Christian Church, and a member of the Cit-

DR. JONAS STEWART, practicing physician and surgeon, and Secretary of the Board of Examining Surgeons for Pensions, is an Anderson citizen who has achieved success through his own exertions. He was born in Salem Township, Delaware County, Ind., on the 26th of January 1843, and is the son of Lewis Stewart, who was born in Highland County, Ohio. The grandfather was William Stewart, who was a farmer in Highland County. He brought his family to Indiana in 1828 or 1830, and located in Fall Creek Township on Deer Creek, Henry County, where he cleared a farm in the wilderness, and continued to live there until the day of his death. He was of Scotch-Irish descent, was in the War of 1812, and a professor in the faith of the Christian Church. Dr. Stewart's father was married in Delaware County, and was a school teacher by occupation. He died in Salem Township in the year 1846, at the age of twenty-three years. His mother was Mary Crampton, who was born in Hagerstown, Maryland. She was the daughter of James Crampton, a farmer, who settled near Troy, Miami County, where he died. His mother died near Daleville, Delaware County, on the 8th of April 1887, at the age of sixty-eight years. There were two children, Dr. Stewart, and a brother named Henry C. They both enlisted in Company E, Forty-fourth Ohio. The brother was shot through the head and killed at Mt. Jackson, Va., on the 22d of November, 1864, after serving nearly through the war.

Dr. Stewart was raised in Delaware County, near Daleville, and when not working on the farm

The records of this office show that one John Harvey, rank not stated, served in the Revolutionary War as a member of Captain Mathew's Company, 4th Virginia Regiment. His name appears only on a list of pay due deceased officers and soldiers of that regiment in the hands of Moses Hunter, late paymaster of the regiment, showing that there was due this soldier \$13.33

Nothing further relative to this man has been found of record nor has the name John ^{Swain} been found on the rolls of any organization of Virginia or Continental Troops in service during the War mentioned.

The collection of Revolutionary War records on file in this office is far from complete and it is suggested as a possibility that additional information can be obtained from the Librarian, Virginia State Library, Richmond, or from the Commissioner of Pensions, Washington, D.C.

The postage stamp received with this letter is returned herewith.
